FOOD GREATEST NEED OF ALLIES

That They Want It More Than Anything Else Is Emphasized by British Commissioners

INITIAL MEETING HELD TODAY

No Immediate Concern About Sending Troops to Europe, it is Officially Stated

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, April 23.—What the allies want from the United States more than anything else is food.

The vital fact was brought out above all others during the initial meeting here today of Arthur J. Balfour and the British commissioners with President Wilson and other American officials.

While the day was apparently given over principally to diplomatic greetings, the various officials plunged at once into considering propositions of shipping munitions and military and naval affairs.

There is no "immediate concern regarding the sending of troops to Europe," it was officially stated.

Balfour conferred with President Wilson. President Cunliffe of the Bank of England, conferred with Secretary of the Treasury McAdoo. Naval experts of both nations met with Secretary Daniels.

Military officials talked with Secretary Baker.

Shipping and trade advisors with their score of experts go down to details immediately with department officials.

"I wish to make it plain," said the commission's spokesman, "that we are not here to tell you what you must do. We have our own idea. But we come equipped with facts, to tell you what mistakes we made and how to avoid them, so you may determine whether you think the price is worth paying to accomplish those things yourself."

In expaining the allies' greatest need was food, the commission's spokesman said:

"At a recent conference of the allied governments it was agreed to pool the food supplies. England is not short of food and probably could get along if she had only herself to consider, but all is not well in France and Italy. Their food shortage is acute and growing more so."

NEW BATTLESHIP LAUNCHED

New Mexico, 32,000 Tons Displacement, Joins Fleet.

New York, April 23.—The giant super-dreadnaught New Mexico, sister ship of the Pennsylvania, will slide down the ways in Brooklyn navy yard today and soon join the war mobilized naval forces of Uncle Sam.

The New Mexico displaces 32,000 tons and will have 12 14 inch guns. The launching ceremonies will be private, attended only by naval officers and officials of the State of New Mexico.

Last Week Worst Yet For Germans

Summary Reveals They Lost 50 Miles of Territory, 100 Guns and at Least 100,000 Men

20,000 TAKEN PRISONERS

By HENRY E. WOOD
(U. P. Staff Correspondent.)

With the French armies, April 23.—Germany has gone through the worst week for her in the history of the war. The French army staff permits me to say today that the coming week is likely to unfold more clearly the nature of the Franco-British offensive.

The following results were accomplished last week:

Capture of more than 100 guns from the Germans.

Taking of 20,000 German prisoners.

Occupation of 20 large villages, not including hamlets.

Retaking of 50 miles of French territory.

Losses in killed and wounded and missing for the Germans conservatively estimated at 100,000.

Two great battles were raging today. One is about the road dominating Laon and the other around heights dominating north of Champagne.

FIRES A BULLET INTO HIS BRAIN

Edward Bell, Age 37, Commits Suicide This Morning at His Home in West Tenth Street

LEAVES NO EXPLANATION

Despondency Over Domestic Relations is Believed by Many to Have Been the Cause

Edward Bell, 37 years old, committed suicide this morning at about ten o'clock at his home in West Tenth street, by firing a bullet from a .32 calibre revolver into his brain. He died instantly, his body being found in the dining room by Mrs. Bell, who was attracted by the shot.

Despondency over domestic relations is believed by many to be the cause of the suicide. Mr. Bell left no note and his act was not forecasted in any way. The bullet entered the right temple and penetrated the brain, coming out on the left side of his head. It is said he appeared to be in his usual good spirits this morning. Yesterday he enjoyed an automobile ride. Coroner Green has not completed his investigation, and following the shooting the body was taken to the Wyatt undertaking parlors.

Edward Bell had been employed at the Indianapolis and Cincinnati car barns in this city for many years. He was well and favorably known and his act caused surprise. It is understood that domestic difficulties had been causing him to worry of late. Besides his wife he is survived by one son, Castle Bell.

He is also survived by his parents, Mr. and Mrs. Joseph Bell of Gings and three sisters, Mrs. William McMillin, Mrs. George Austin and Mrs. John Gray, and two brothers, William Bell of near Gings and Lowell Bell of Indianapolis. His relatives were deeply shocked at the tragedy, and for a time his mother was in a serious condition.

The funeral arrangements have not been completed.

Henry G. Hackman has filed suit against Edward Miller to foreclose a mortgage, demanding \$800.

A marriage license was issued this morning to Ernest Bowen of Marion, Ind., and Charlotte M. Green.

BRITISH RESUME THEIR OFFENSIVE

Beginning of Drive With Forceful Attack Early Today is Hailed as Such by London

BEAT OFF COUNTER ATTACKS

British Forces North of Bagdad Achieve Another Great Victory Over The Turks

(By United Press.)

London, April 23.—On a wide front on the bank of the river Searbe, Field Marshall Haig early today resumed the British drive with a forceful attack. He reported making satisfactory progress. London hailed his report as indicating a resumption of the British offensive.

French troops fought back violent counter attacks, the Paris war office asserted. Germans attacked Boscche extremely violently, designed to relieve the pressure on the great offensive to the north, but were beaten back.

British forces north of Bagdad have achieved another victory over the Turks.

Heavy bombardment of German positions along the entire western battle line with consolidation of captured territory marked the military activities of the allies yesterday, preparatory to the renewal of their terrific frontal attacks on the Hindenburg strongholds.

British troops made further progress in the region of Lens, where the fighting continues to go in their favor. Three German counter attacks were repulsed by the British, who captured a large number of prisoners and machine guns.

French infantry has again pushed forward in the region north of Sancy and Jony on the St. Quentin-Rheims battle front. Farther east there was hand grenade fighting in the sector of Hurbise.

The French official statement follows:

"Between the Somme and Oise very active artillery fighting took place during the course of the day south of St. Quentin and North Trivillers. Between Soissons and Rheims the artillery actions were intermittent in various sectors. The enemy violently bombarded Rheims, especially the quarter in which the cathedral is located.

"In Champagne the day was marked by a series of enemy attacks on the heights which we hold in the Massif of Moronvilliers. A violent attack directed against Mont Haut was entirely checked after a spirited engagement. Our machine gun fire and counter attacks inflicted sanguinary losses on the enemy.

"A German battalion, about five o'clock this afternoon northwest of Mont Haut, was caught by our fire and dispersed, leaving dead on the ground. Another attempt against a height farther to the east was likewise repulsed.

"On April 21 three German airplanes were brought down.

"Belgian communication: 'Artillery actions occurred, particularly near Steinstraete, where there was also lively bomb fighting.

"Eastern theater: East of the Cerna a Bulgarian reconnaissance was repulsed. Artillery activity occurred in the Italian sector at Tsewona Stena and between the lakes."

Approximately one hundred and fifty Odd Fellows and Rebekahs marched to the Main Street Christian church Sunday morning and heard a special sermon by the Rev. C. M. Yocum in observance of the ninety-eighth anniversary of the founding of the lodge. The sermon was on the subject, "The Supremacy of Love."

A marriage license was issued late Saturday afternoon to Ira McNamara and La Vanche Innis.

CAMPAIGN FOR MEMBERS STARTS

Many Enroll Names as Members of Red Cross When Headquarters are Formally Opened

46 ARE OBTAINED AT MILROY

Will Form an Auxiliary There and Send Work Here—Ten Dollars Made Off Balloon Sale

The campaign to recruit members for the Rushville chapter of the American Red Cross society is going forward rapidly, having been formally opened Saturday afternoon when activity in this direction was started by the sale of balloons on the streets and the visit of a delegation of boosters to Milroy.

Forty-six members were obtained at Milroy. They will be affiliated with the Rushville chapter, but they will likely form an auxiliary at Milroy and will send their work here.

Ten dollars was realized off the sale of balloons, which were donated by R. H. Jones. A meeting of Red Cross workers was held at the new headquarters in the room back of Pitman and Wilson's drug store when they were opened for the first time Saturday afternoon.

Those who want to become members of the Red Cross are urged to go to headquarters and enroll. The charter members expect to try to reach everybody in Rushville and their work will be made much easier if those who have decided to join go to headquarters and sign their names.

Fifteen members of the Home Economics club, at their meeting Saturday afternoon, agreed to join and said they would form an auxiliary in Noble township, where most of the members live.

A. F. Bentley, field representative in Indiana of the national society, is expected here some time in the near future to see how the work of organizing is progressing.

A chairman, vice-chairman, secretary, assistant secretary and treasurer and executive committee have already been selected, and there remains yet to be named a board of directors and a number of committees, which will be announced within a short time.

When the organization is completed, the work is divided into two departments, a section of military relief and one for civil relief. These departments are subdivided as follows:

Section for Military Relief—Committee on first aid, committee on instruction for women, committee on hospital supplies, committee on supplies for fighting men, committee on warehousing and shipping and other special committees, such as railroad detachments, base hospitals, information bureau, ambulance companies and the like.

Section for Civil Relief—Committee on membership, committee on aid to dependent families of soldiers, committee on town and country nursing and other special committees such as committee on discharged soldiers, on care of refugees, and committees on local disaster and relief.

H. C. L. HITS LOCAL HOTEL

Windsor Announces Change From American to European Plan

Starting tomorrow the Windsor hotel will change from the American plan to the European. The high price of foodstuffs is responsible. The dining room will continue to be operated, but meals will be served a la carte. S. W. Nicholas announced the change today, stating it would be effective in the morning.

Morris Maxey has resumed work at the I. & C. car barns after an illness of fifteen weeks.

Patriot Offers An Appreciation

Rushville Man Says John Crowley and Will Dill Deserve Credit For Locating Factory

NOT THE END BY ANY MEANS

To the Editor of the Republican:

Rushville is to be congratulated on the happy termination of the campaign to secure the location of the factory of the Modern Appliance company of Chicago. The acquisition of this institution, well financed, and with an established and rapidly growing business, is a distinct addition to the industries of Rushville. The successful ending of the task has given heart to the boosters who pushed the project and they feel elated and encouraged to go ahead with renewed confidence and determination to accomplish yet more. Too much credit can not be given to the men who gave their time and money to the work and the thanks of the city are due to John Crowley, originator of the movement, and to Will Dill who co-operated with Mr. Crowley and worked on the plan all the past winter. Mr. Dill also is to be given credit for having discovered the Modern Appliance company and the

COUNTY WORK TO CLOSE WEDNESDAY

E. L. Whitsitt, Purdue Crop Expert, Will Address Closing Meeting at Milroy Tuesday Night

ONE AT RALEIGH TONIGHT

Will Speak to School Children Here Tomorrow to Urge Them to Work in the Home Garden

E. L. Whitsitt, the Purdue crop expert, will leave the city Wednesday, having completed his work in this county. He will address a meeting Tuesday night in Milroy and tomorrow will talk to the school children here, both those of the public schools and Catholic school, on gardening. Another meeting will be held tonight in Raleigh.

Mr. Whitsitt has canvassed the city and finds the gardening proposition well handled. His talk to the school children will be made in an effort to have the children devote their time to taking care of the gardens.

The meeting Tuesday night at Milroy will be another of the township meetings. Most of the townships have held meetings and this one will conclude the program along that line. A number of farmers from Richland and Orange townships will likely attend the Milroy meetings. These two townships have held no meetings and will likely combine with Anderson township.

A. L. Gary and Ernest B. Thomas will also speak at the Milroy meeting. The meeting at Raleigh tonight was arranged at the meeting there last week. Further details of the proposed increase in crops will be made and some definite plans announced concerning the community garden proposed to be put in on the additional ground to be secured for the school there, amounting in all to about four acres.

Mr. Whitsitt addressed the crowd at the Milroy patriotic meeting Saturday afternoon but failed to reach many of the big farmers, because the audience was composed mostly of women. It is expected that the farmers will turn out in large numbers tomorrow night.

Mrs. John Carpenter fell down stairs at her home here Saturday afternoon and the ligaments in her shoulder were torn loose.

CARTHAGE PAYS TRIBUTE TO FLAG

Crowd of Two Thousand Persons Attend Patriotic Meeting and Hears Addresses Sunday

THE REV. C. M. YOCUM SPEAKS

Veteran of Union and One of Confederate Army Raise Old Glory to Breeze on 60-Foot Staff

The unusual spectacle of the "Blue and the Gray" raising Old Glory to the breeze was afforded a crowd of at least two thousand people at the flag-raising at Carthage Sunday afternoon. The Rev. C. M. Yocum, pastor of the Main Street Christian church, made the principal address and short talks were made by Judge Will M. Sparks and William Walker of Carthage, a veteran of the civil war.

Clad in their uniforms in which they fought in opposing armies but still typifying the solidified nation, the union of the North and South, J. W. Bishop, a veteran of the Union army, and Ishan Frye, who fought with the Confederate army, raising the flag on the sixty-foot staff which had been erected in the center of the public square.

Estimates placed on the crowd ranged from fifteen hundred to two thousand people. By actual count there were two hundred and forty-six automobiles. A parade of two hundred school children and the singing of patriotic songs by the audience added much to the program.

The Rev. M. Yocum dwelt, in his address, on the fact that the American flag had ever been the standard under which men fought for liberty and justice; that is had ever been the symbol of righteousness. "Men in the aggregate," he said, "demand more than abstract ideas and principles; hence the desire for symbols. Every nation has its flag; every army its banner."

"The Hebrew tribes each had their standards. Ephraim's was a steer; Benjamin's, a wolf. Among the Greeks the Athenians had as a symbol an owl; the Thebians, a sphinx. The standard of Romulus, the founder of Rome, was a bunch of hay, then a human hand and then the eagle, first of wood and then of silver; and under Julius Caesar, a hand of gold. So now England, Germany, France and all nations of the earth have standards."

The Rev. Mr. Yocum recalled that the oldest of all standards in use today is the Stars and Stripes. Old Glory, he said, is older than the Tri-color of France, the British Jack or the flags of Germany.

"You remember the circumstances of its birth," he continued, referring to Old Glory. "When the colonies broke away from England they formed a flag of seven white and seven red stripes with a blue field containing the cross of St. George and St. Andrew conjoined. This was floated first January 1, 1776. The colonies adopted various flags, one a yellow flag with a rattlesnake with seven rattles and containing a motto, 'Don't Tread on Me.' This was a naval standard. On June 14, 1777 the flag of thirteen stripes and thirteen stars was ordered. Betsy Ross of Philadelphia made the first one. Thus came the beautiful Stars and Stripes."

"But what does it mean? When we see a flag we see more than the insignia. We see the principles of the nation itself. When the Stars and Stripes unfold to the breeze they spell liberty, freedom of conscience, independence of thought, freedom from political oppression. This is true not only in America but everywhere. How could it mean anything else? Its history from beginning to end announces its chief idea. 'The divine right of the liberty of man.'"

"Flag of the free heart's hope and home"

CONGRESS BEGINS ON CONSCRIPTION BILL

Takes up Consideration of Plan to Raise Army—Disposes of the War Loan

START MOVE TO ACCEPT T. R.

(By United Press.)

Washington, April 23.—After disposing of the \$7,000,000,000 war loan the house and senate shortly afternoon today started final consideration of the problem of raising an army of 2,000,000 men. It was the first day of debate in the house and senate.

It is believed both houses will reach a vote by Thursday or Friday. The conscription feature in some form will probably be approved by both houses.

Col. Roosevelt's plan to send a volunteer division to the European war front was taken up in the senate. Republican leaders Harding and Lodge are behind a move to allow Col. Roosevelt to plant the American flag on the European battle line. Senator Harding started the Roosevelt fight by introducing an amendment to the administration army bill authorizing the president to raise a volunteer division of 100,000 men.

\$80 HAY IN OREGON

Bead, Ore., April 23.—Eighty dollars a ton for hay, plus the cost of a long haul to his ranch on Mecolus river, is the price Dan Heising is paying today to keep his sheep alive. Others in central and eastern Oregon have lost much stock because of the hay famine.

FRESH FISH

At Peoples Meat Market.

SEVEN ROOM HOUSE BURNS

Green's Home in Sexton Destroyed Sunday at Loss of \$1,000.

A seven room frame house in Sexton owned by John Green and occupied by Summie Green, was destroyed by fire Sunday morning between eleven and twelve o'clock. The fire is believed to have started from a defective or overheated flue. Most of the household goods were taken from the house. The village has no fire protection and the efforts of the volunteer firemen were directed toward saving the surrounding property. The loss is estimated at \$1,000 and is partially covered with insurance.

Morris Winship of this city was awarded the contract Saturday to build the Thornburg garage in Central avenue, Connerville.

Laporte—Nearly 150 school boys of LaPorte have agreed to plant and care for gardens this summer.

Bodily Housekeeping

(BY SAMUEL HAMILTON, M.D.)

The subject of drinking water with meals has been misunderstood.

In recent years investigation by means of X-rays, the observations of scientists such as Cannon, Grutzner, Pavlov, Fowler, Hawk, prove that an abundance of water taken during digestion is necessary in good bodily housekeeping. Drink plenty of water with each meal. Do not drink ice-water at any time.

If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or back of the neck, take Anurie (double strength) before meals. This can be found at any good drug store. Therefore my advice to young or old is, always drink plenty of pure water. And for long life, occasionally take tablets of Anurie three or four times a day.

It is simply wonderful how quickly Anurie acts—much more potent than lithia. You will find it dissolves uric acid as water does sugar.

NEWS OF GOSHEN.

Goshen, Ind.—"Dr. Pierce's Favorite Prescription has given me such great relief that I am glad to tell of it so that other women who suffer may know what will help them. I was all run-down in health, became very weak and nervous and could not eat nor sleep. Nothing seemed to do me any good until I began taking Dr. Pierce's Favorite Prescription and Golden Medical Discovery. They proved to be just what I needed, as they soon built me up and I could eat and sleep well. And just a few years ago when I was going through middle age I took the 'Favorite Prescription' and it brought me through the critical period in the best of health."—Mrs. CHRISTINA KIRKDOFFER, 219 S. 10th St.

No other Floor Varnish wears like this—

It's the varnish that holds its own under the wear and tear of romping children and the heavy tread of active grown-ups.

Low Brothers DURABLE FLOOR VARNISH

has the quality that makes it "make good." It covers in a smooth, even coat; dries hard and firm, and never gets "sticky."

DURABLE FLOOR VARNISH gives a surface of rare brilliancy and depth of beauty, which is not affected by moisture and water—whether hot or cold. It is not easily marred or scarred.

DURABLE FLOOR VARNISH can't be beaten for floor wear, because it's made just for that purpose. Ask for complete information about varnish and varnishing.

Let our country be our country,
our whole country, and
nothing but our country.
—Daniel Webster.

An Ever New Subject, The Fly.

The fly is perennially new. He comes and goes with the seasons but he is new although he is continually causing the same old trouble. The annual clean-up week is the time to get rid of the rubbish that attracts the fly. The campaign against the fly has been productive of a fly catchism, which one may study with profit.

Where does the fly live? Where there is filth.

Is there anything too filthy for the fly to eat? No.

Does the fly like clean food too? Yes, and it appears to be his delight to wipe his feet on clean food.

Where is his favorite place of feeding? The manure heap and the garbage can.

Where does the fly go after leaving the manure pile and the garbage can? Into the kitchen, dining room and bed room.

Does the fly visit those sick with typhoid fever, consumption, small-pox and cholera infantum? He certainly does and may call on you next.

Is the fly dangerous? Yes; he spreads disease.

How does he spread disease? By carrying infection on his legs and wings and by "fly specks" after he has been feeding on infectious material.

What disease may the fly thus carry? He may convey typhoid fever, tuberculosis, cholera, dysentery and summer complaint.

Did the fly ever kill any one? He killed more American soldiers in the Spanish-American war than the bullets of the Spaniards and was the direct cause of much of the typhoid fever in this country last year.

Where are the greatest number of cases of typhoid fever and summer complaint? Where there are the most flies.

Where are the most flies? Where there is most filth.

Is the presence of flies, therefore, an indication of nearby filth? It

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freeso applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeso, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Use this and get on your feet again.

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.

XXI. Garden Cutworm Remedies

Tomatoes, cabbage, sweet potatoes, lettuce, and other truck plants, especially those which are started under glass and transplanted, are subject to serious injury by cutworms. These pests appear sometimes in great numbers in the spring and early summer, and frequently do severe injury before their ravages are noticed. Their method of attack is to cut off the young plants at about the surface of the ground, and as these caterpillars are of large size and voracious feeders, they are capable of destroying many plants in a single night frequently more than they can devour. Every year these insects, working generally throughout the United States, have destroyed hundreds of thousands of dollars worth of crops. By the timely application of remedies, however, as has been demonstrated by entomologists of the U. S. Department of Agriculture, they readily can be controlled, even over considerable areas. The usual method of control is by the use of poisoned baits.

Take a bushel of dry bran, add 1 pound of white arsenic or Paris green, and mix it thoroughly into mash with 8 gallons of water in which has been stirred half a gallon of sorghum or other cheap molasses. (Arsenic and Paris green are deadly poisons. Handle them with great care.) This amount will be sufficient for the treatment of about 4 or 5 acres of cultivated crops. After the mash has stood for several hours, scatter it, in lumps about the size of a marble, over the fields where the injury is beginning to appear and about the bases of the plants set out. Apply late in the day, so as to place the poison about the plants before night, which is the time when the cut-

worms are active. Apply a second time, if necessary. Keep children, live stock and chickens away from this bait.

When cutworms occur in unusual abundance, which happens locally, and sometimes generally, they exhaust their food supply and migrate to other fields. This they do literally in armies, assuming what is called the army worm habit. At such times it is necessary to treat them the same as army worms. While the methods which have been advised are valuable in such cases, they may be too slow to destroy all the cutworms, and other methods must be employed. These include trenching, ditching, the plowing of deep furrows in advance of the traveling cutworms to trap them, and the dragging of logs or brush through the furrows. If the trenches can be filled with water, the addition of a small quantity of kerosene, so as to form a thin scum on the surface, will prove fatal to the cut worms. In extreme cases, barriers of fence boards are erected and the tops smeared with tar or other sticky substances to stop the cutworms as they attempt to crawl over.

In extremely severe attacks by cutworms on choice plants there is sometimes no opportunity to prepare the poisoned bait. In such cases an arsenate of lead spray will answer quite as well. In one instance a parsley field was sprayed with 4 pounds of arsenate of lead to 50 gallons of water; this killed all the cutworms, whereas if they had been left alone for a day or two longer the field probably would have been destroyed. The result was a perfect stand—the best ever made by the grower. In this case five applications were necessary.

Clean cultured methods and crop rotation are advisable, as are also fall plowing and disking, to prevent recurrences of cutworm attacks.

Many cutworms can be destroyed where it is possible to overflow the fields, particularly where irrigation is practiced.

THUMB NAIL SKETCHES OF THE MEN WHO RUN UNITED STATES NAVY

ADMIRAL BENSON.

Washington, April 23.—"What has come to him, he has won by hard work always."

This is what the Navy Department thinks of Admiral William Sheperd Benson, Chief of Naval Operations, President of the General Board of the Navy, and the one man, above all others, upon whom rests the success or failure of the fleet.

When Congress recently wrote into the law that Admiral Benson's orders "were to be considered as emanating from Secretary of the Navy and have full force and effect as such," it showed what it thought of him.

The Chief of Operations is truly a Southern Gentleman. He was born on a small plantation in the heart of Georgia in 1855, and has carried with him throughout his brilliant career the best traditions of the old South.

Tall, spare, with a most courtly bearing and a full white mustache, much like his predecessor Admiral Dewey, the Admiral presents the most distinguished appearance. His rise has been meteoric during the past few years.

His first cruise as captain of a battleship was in 1913, when he piloted the Utah to the fleet pennant. He then assumed command of the Philadelphia Navy Yard, where he did "his bit" with such "great labor and excellence," as to be called to Washington in 1915, when a man was sought to create and take charge of the new vital office of Naval Operations.

Admiral Benson is not a man given to epigrams especially those of the first person. "I" seldom falls

THE SOUTH COMES TO BAT.

The south has come to bat with a suggestion for increasing the supply of corn for food purposes. The Interstate Cotton Seed Crushers association suggests the feeding of cotton seed meal as a part of the daily ration for horses and mules and thus save that much corn. The proposition was presented recently when Carl Vrooman, assistant secretary of the United States department of agriculture, made a tour of the south.

Five agricultural experts of the south drew up a statement showing that replacing with cotton seed meal a portion of the corn fed horses and mules, seven cents per day on each head of stock could be saved. It was demonstrated that if the horses and mules of the south alone were fed cotton seed meal for two hundred days, 100,000,000 bushels of corn for human food would be released.

The man who Abe Martin said would not plant any corn this year because it germinates has nothing on the superintendent of the Greensburg high school who spells his name Jerman.

Some wisecrack asks the pithy question, "What is the largest room in the world?" and answers his own question with four words, "The room for improvement."

Customers are much like umbrellas in that somebody always walks away with them if you don't keep your eye on them.

Possessing information is a mighty fine thing, but the second best thing in the world is knowing where to find it.

from his lips. If he can be induced to admit his services in Washington have met with "fair success" the Admiral will immediately impress it upon you that it is solely owing to "the loyalty and co-operation" of his associates.

This is what his brother officers say of the present ranking officer of the U. S. Navy:

"This is the happy warrior. This is he. Whom every man in arms. Would wish to be."

TODAY'S HOOSIER ODDITY

Terre Haute, Ind., April 23.—Women voters of this city will have to tell their ages, if they wish to cast their ballots, but the city registration board has decided to make it as easy as possible. Two women have been appointed and women registering, will be allowed to whisper their ages to the women officials. The latter are under pledge of secrecy not to tell the ages of the women voters.

WEATHER FOR WEEK

Washington, April 21.—Except for showers Tuesday or Wednesday the week will be generally fair, with normal temperatures.

PROFIT BY THIS Don't Waste Another Day.

When you are worried by back-ache; By lameness and urinary disorders— Don't experiment with an untried medicine.

Follow Rushville people's example. Use Doan's Kidney Pills. Here's Rushville testimony. Verify it if you wish:

S. Bebout, 316 W. First St., Rushville, says: "I had pains through my back and kidneys. The action of my kidneys was irregular. I used Doan's Kidney Pills and they soon made me feel better."

The above statement was given on July 27, 1912, and on Aug. 25, 1915, Mr. Bebout said: "Doan's Kidney Pills have given me a cure that has remained permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mr. Bebout has twice publicly recommended. Foster-McClellan Co., Props., Buffalo, N. Y.

"The Rise of Susan"
A WORLD PICTURE

Clara Kimball Young in "The Rise of Susan"

A feature play in which action centers around the most adorable girl imaginable. A story with a strong moral teaching for the right. A strong comedy vein runs through the piece and breaks the heavier scenes at timely and unexpected points.

COMING — APRIL 30 and MAY 1
"THE GARDEN OF ALLAH"

ALLEGED BANDITS WILL FACE TRIAL

Hatfield Brothers Face Charge of Holding up Polling Place and Stealing Ballots.

THREE OTHERS IMPLICATED

(By United Press.)
Huntington, West Va., April 23.—Bandits armed with revolvers and with faces hidden behind black masks, swept down on the polling place in Rochhouse precinct, Mingo County, shortly before the ballots of the 1914 congressional election were counted, held up the entire election staff at the point of guns stole the entire franchise of the precinct. Poll books, ballot boxes and election paraphernalia were carted away.

Two brothers of a former governor of this state will go to trial tomorrow in federal court here charged with complicity in that raid. They are Greenway and Valentine Hatfield, brothers of former governor H. G. Hatfield. Three others—Noah White, George R. Meynard and Jack Brewsher—who experienced a mistrial at the September trial, will face the same charges tomorrow.

One lone Bull Moose ballot, found on a wild hillside, miles from the precinct, is the only one of the 800 ballots ever found.

Howard Sutherland, Republican senator from West Virginia, and C. E. Cooper, Republican, were the successful candidates in the 1914 election. The alleged fraud favored Democrats, it is claimed, but did not materially affect the Republican count.

GERMANY TO LOSE RAILROAD LINES

Italy Planning Destruction of Dependence by Building New Roads to Various Points.

ENGINEERS ARE NOW WORKING

(By United Press.)
Rome, Italy, April 23.—Allied railroad commissions today are preparing to redraw Europe's railroad map. They are already planning the destruction of the allied dependence on the German lines in the "war after the war."

For example, a proposed railroad connects Bordeaux with Odessa, avoiding Middle Europe and passing through Turin and the Italian-to-be Triest. Other lines, perfecting the development of allied territory, are also in prospect.

French and English railroad officials are now in Italy, studying the situation with allied officials. The commissioners are making a careful tour of investigation throughout the allied countries, it is said, and work on the contemplated lines will be rushed to completion, as soon as the war ends.

Amusements

Modest Altschuler, conductor of the famous Russian Symphony orchestra which will be heard in Connersville at The Auditorium on Friday evening, April 27, was born at Mohileff, on the Dnieper, in Russia, where his father, the leader of a small orchestra, was also the founder of the first local theatre. As the father and elder brother were both violinists, Modest was ordained to become a "cellist," and he had only passed his eighth birthday when his father began to initiate him into the mysteries of that instrument.

He soon proved himself to be a genius, for at the age of eleven he was accepted as a pupil by Goblet at the Conservatory of Warsaw, and at thirteen made his first appearance as soloist with the Conservatory Orchestra. After his graduation, which was accomplished with honors, the young man went to Moscow, where he won a scholarship at the Imperial Conservatory, which was then under the direction of Safonoff, who later became conductor of the New York Philharmonic orchestra.

Mr. Altschuler's first opportunity to wield a baton occurred in 1890 in his native city, when, although he was barely out of his 'teens,' with the assistance of the local orchestra he gave the first symphony concert ever offered in Mohileff.

He has been the conductor of the Russian Symphony orchestra during the fourteen years that it has been in existence and from a wholly unknown body of players he has raised it to an organization which ranks with the foremost orchestras in the country.

When being interviewed in New York the other day, Mr. Altschuler made some rather pertinent remarks about the subject of conducting.

"There is no artificial code of signals needed between a conductor and his men," he said. "What a leader needs is a clear conception of the composition. A melody runs through every piece, like a road through a country hillside. The art of conducting is to clear the way for this melody—to see that no other instruments interfere with those which are at the moment enunciating the theme. When the violins, for instance, have the tune, I see to it that nobody hurries it or drags or covers it up. To lead a great orchestra is one of the greatest joys in life. A man is privileged then to play, not upon an instrument of brass or wood, but upon human strings. He impresses his players with what he wants, and they obey his will. He has nothing to do but interpret the works of the greatest souls the world has ever known. When I begin a concert I feel as if I were entering a great church and about to conduct a service. Music is not work, it is religion."

That Mr. Altschuler is entirely sincere in his utterances, is borne by the force and originality of his readings.

\$100.00 REWARD.

\$100.00 in gold will be paid to whoever suggests the name that the judges select as the one best suited for our new remedy, the wonder tonic Tablet.

This formula has now been completed. It has been passed upon and pronounced good by prominent authorities. It is the last word in a remedy that builds, rejuvenates, invigorates the pale, the tired, the listless.

It is all ready—but the name.

We want the public to name this new wonder remedy and will give \$100.00 for that name.

Send in your suggestions—as many or as few as you like. The selection will be made by a board of five competent men whose decision shall be final and irrevocable and everyone who submits any suggestions thereby agrees to accept and abide by the decision of the Board of Judges.

Contest is open to all excepting the employees of this Company. There are no conditions, no restrictions nor entrance fee.

Send in your suggestions promptly. Every suggestion will be numbered in the order of its receipt. Contest closes May 1, 1917.

Mail all suggestions to the Board of Judges, Care of The Sentinel Remedies Co., Masonic Temple, Cincinnati, Ohio.

Serum Station.....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly troat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage, Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

Winship and Donning

When you buy an Eveready Storage Battery a written guarantee goes with it.

Because EVEREADY is the one storage battery entirely free from ruinous sulphation—the destructive chemical action responsible for nearly all automobile storage battery troubles.

The battery is the HEART of the starting system. When excess sulphation accumulates in the plates, the generator's charging action is retarded, reducing the battery capacity and its ability to supply the needed power to "turn over" the engine.

Continued operation in a partially discharged condition, or complete idleness for even a few weeks, usually means that the battery must be removed from the car for "reforming" or special charging, to reduce the accumulation of injurious sulphate. Buy an EVEREADY—and avoid all this expense and inconvenience.

ANNUAL MEETING

The annual meeting of the Stockholders of the Rushville Natural Gas Company will be held in their office in Rushville, Ind., in Tuesday, April 24th 1917 at 2 o'clock p. m., for the election of Six (6) Directors to serve for one year from that date; and for such other business as may properly come before them at that time.

THEO. H. REED, Sec'y.

WANT ADS BRING RESULTS

Chief interest at the Home Economics club meeting in the court house assembly room Saturday afternoon centered in the address on home nursing by Miss Anne Straight, Rushville's visiting nurse, as the subject is timely since a Red Cross chapter is being organized here, Miss Straight emphasized some more important points which should always be remembered in home nursing, as follows:

The head should be saturated with alcohol if the hair is tangled. The nurse must be firm and not allow the patient to manage.

A hot water bottle of either rubber or glass, not too heavy, should be used.

Always cover bottles; in hospitals it is an unpardonable sin to leave them uncovered.

Use half a barrel stave for cover support.

Use a blanket to give the patient a bath and always use two towels.

Set the alcohol bottle in a pan of hot water and be sure to remove the cork or an explosion will follow.

In filling hot water bottle or ice mash be sure to remove the air because they will be more effective.

Be careful about stale flowers in the sick room.

Olive oil should be used for the bowels.

Voices should always be modulated in the sick room.

Don't rock chairs, bang furniture or face the patient towards the light. Serve hot things hot and cold things cold.

Use whiskey in case of accidents.

In honor of her week-end guests, the Misses Jessie Marie Mauzy and Alice Philips of Indianapolis, Miss Harriet Smith entertained with a slumber party, Saturday evening and a breakfast, Sunday morning, at her home in West Third street. The table was charmingly decorated with pots of pansies and a splendid three course breakfast was served. Aside from the guests of honor, the Misses Ingeborg Johnson, Lucile Abel, Marian Tittsworth, Philis Dean of Oxford and the Misses Elsie Frazee, Charlotte Norris and Gladys Tittsworth were entertained.

Honoring the birthday of Mrs. Ralph Pearsey, a number of her friends brought their dinners to her home in North Sexton street, yesterday, and enjoyed a pleasant pitch-in dinner and a social afternoon. Spring flowers were used in profusion throughout the rooms. The guests included Mrs. Noah Downey and family, Mr. and Mrs. Chase Levy, Marshall and Max Pearsey, Mrs. Fanny Ridenbough, Mr. and Mrs. Charles Pearsey, of Muncie, and Mr. and Mrs. Watt Siders of Dunreith.

In honor of Thomas Saunders, who is leaving for Louisville, Ky., today a number of his boy friends gave a dinner party for him Saturday evening at the Windsor Hotel. The guests included Norman Reed, Dwight VanOsdol, Alfred Norris, Harold Wolcott, Paul Parrish, Clifford Mauzy, Hubert Alexander, Harry Schmalzel, Ralph Martin and William Kelso.

Miss Lavanche Innis and Ira McNamara were quietly married at the home of the bride in North Morgan street, Saturday evening at eight o'clock, by the Rev. C. M. Yocum. After a week's visit with relatives, they will be at home at 332 North Morgan street. The out-of-town guests were Mrs. James Harmon of Avon, Ind., and Mrs. Hubert Innis, of Springfield, Mo.

Mr. and Mrs. C. C. Carson of Indianapolis, Mr. and Mrs. L. G. Hall and son Meredith of Raleigh, and Mrs. Gilbert Meredith of Miami, Fla., were the out-of-town guests at a family dinner, yesterday, given by the Misses Meredith, at their home in North Morgan street.

In honor of Mrs. Demarehus Brown of Indianapolis, Mrs. Roy Waggoner gave a well appointed luncheon, this afternoon at her home in North Morgan street. Spring flowers were used in profusion to decorate the home.

Social Calendar

Tuesday

Methodist Aid Society with Mrs. Allie Cox, 1018 North Morgan street at 2:30.

Dance at Modern Woodman hall.

U. P. Aid society with Mrs. A. C. Brown, 324 North Morgan street.

Christian Aid society at 2:30, in the parlors of the church.

Various kinds of spring flowers added to the beauty of the home of Mr. and Mrs. R. L. Tompkins, yesterday, when they entertained with a well appointed high noon dinner, at their home in East Seventh street, Mr. and Mrs. Dynes and daughter, Lillian, of Indianapolis, and Mrs. Jack Brantley and son, Jack Jr., of Chicago.

In honor of Mr. and Mrs. T. M. Greenlee of Asheville, N. C., Mr. and Mrs. Frank Mock and Miss Elizabeth Hackleman entertained with a family dinner yesterday, at the home of Miss Hackleman in North Harrison street. The guests included the guests of honor and Mr. and Mrs. Oliver Mock and son, Oliver, and Dr. and Mrs. F. G. Hackleman.

In honor of their house guest, Mrs. William Billings of Oxford, Ohio, Mr. and Mrs. Roy Magill, entertained with a delightful course dinner, yesterday at their home in North Main street. A large bowl of violets centered the table. The guests included Mrs. Francis Moore, the Misses Norma Smith and Fanny Stiers and Mrs. Billings.

Miss Lydia Wolter, daughter of Mrs. Ed Wolter, and George Urbach, son of Mr. and Mrs. Adam Urbach, were married Saturday evening at 5:20 o'clock at the Christian church parsonage, by the Rev. C. M. Yocum. After a wedding trip to Cincinnati, they will make their home in this city.

Hyacinths and tulips formed an appropriate table decoration, when the Misses Anna and Alice Gore entertained Mrs. Will Witte of Lawrenceburg, and Miss Gladys Fee and John Brown of Indianapolis, yesterday at an elegant three course dinner.

The Royal Neighbor's fifth annual dance to be given in the Modern Woodman tomorrow night, is expected to exceed all previous affairs given by the ladies. Many out-of-town guests are expected to attend.

Miss Charlotte Green of Milroy and Ernest Bower of Marion, Ind., were married at the U. P. church parsonage this morning at 10 o'clock by the Rev. J. T. Aiken. Mr. and Mrs. Bower will make their home in Marion.

Mrs. Allie Cox, assisted by Mrs. Jesse Poe and Mrs. William Kirk, will entertain the members of the Ladies Aid society of the Methodist church, tomorrow afternoon, at her home in North Morgan street.

The alumni of the Arlington high school entertained the members of the senior class with a banquet at the high school building Saturday night. There were about sixty-five present.

Mrs. Oliver O'Brien entertained Mrs. Jacob Meyer and Mrs. Jacob Roth of Connersville at supper last evening at her home in North Jackson street.

Several neighbors and friends of Mr. and Mrs. Frank Melwane held a pitch-in dinner at their home in North Willow street Sunday and a very enjoyable day was spent.

Mr. and Mrs. A. L. Gary had as dinner guests yesterday, Dr. and Mrs. D. D. VanOsdol and family.

You will be pleased with our assortment of

Shoes and Pumps

for

Spring and Summer

Our Shoes and Pumps are more beautiful this season than ever before. They have elegance of design and materials. You will find dignified styles and real comfort in the shoes we have to offer you. For every foot we have a proper covering, for every taste, a fashion.

The girl in her teens, or the woman in her eighties finds comfort and delight in our shoes. For growing girl, miss or debutante, there is an appropriate style to be had in this store. Women of advanced years find our shoes to their liking.

Shoes in All Colors—Pearl Gray, White, Empire Gray, Golden Brown, African Brown and Black—All Kid—French Heels. Also Brown and Black Kid Vamps with Fawn and Gray Cloth Tops.

WHITE CANVAS SHOES with French, Medium and Low Heels, English last, sport shoes.

For growing girls and the high school girls we have several styles in English lasts, tan and brown with white buck tops.

We are showing several styles in pumps in black, white and gray kid—both plain and combination.

LET US SHOW YOU THIS EXCELLENT LINE

THE MAUZY CO

Mr. and Mrs. Thomas Carroll and family had as dinner guests yesterday Miss Delsie and James O'Hara, Miss Helen Carroll and Bea Cannon of Indianapolis and Mr. and Mrs. Ed Gantner and family.

Mr. and Mrs. Dora Hilligoss, Mr. and Mrs. Bert Osborne and son, John Robert, and Mr. and Mrs. O. P. Wamsley motored to Shelbyville yesterday and were the guests of Mr. and Mrs. Herschel Conner.

TO ATTEND MAYORS MEETING

C. L. Bebout Receives Invitation to Session in Indianapolis

Mayor C. L. Bebout has received an invitation to attend the meeting of the Mayor's association in Indianapolis April 26 and 27, and will likely attend one day. Reports of the different mayors will be given regarding the cultivation of lots. Addresses will be given by Governor Goodrich, William Lowe Bryan, president of Indiana University and William L. Taylor, former attorney general. On the last day Mayor Bell will entertain the visitors at a luncheon following an automobile ride about the city of Indianapolis.

—Miss Anna Weidman of Connersville visited friends in this city yesterday.

—William Robb of Greenfield spent the day in this city on business.

—Mr. and Mrs. Leon Maxey of Indianapolis spent Sunday here with his parents, Mr. and Mrs. Morris Maxey.

FINE FOR RHEUMATISM!

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

MOTHER OF CHARLES LAMBERTSON IS DEAD

Mrs. Lois Lambertson, Age 79, Born and Reared Near Bentonville, Expires

FUNERAL TUESDAY, 2:30 P. M.

Mrs. Lois Lambertson, age seventy-nine, mother of Charles Lambertson of this city, died at her home in Ritter Avenue, Indianapolis, Saturday night of heart trouble after an illness of two weeks. She was born and reared near Bentonville, Fayette county and was well known all over northern Rush county.

Mrs. Lambertson was the widow of William T. Lambertson, who died two years ago, and was the mother of ten children, all of whom survive her except one daughter, Mrs. Chester Pierson, who died about fifteen years ago. Mrs. Lambertson was a member of the Christian church. The children surviving are:

Mrs. Alfred Weaver of Mulberry, Ind.; Mrs. B. F. Theibault of Connersville, Miss Ella Lambert of Indianapolis who lived with her mother; Mrs. George Russell and Mrs. Charles Hackleman of Indianapolis. Dr. H. M. Lambertson of Colorado Springs, Colo.; Frank O. Lambertson of Los Angeles, Cal.; William Lambertson of Bentonville, and Charles Lambertson of this city. The funeral will be held at Bentonville Tuesday afternoon at two-thirty o'clock.

TO SPEND REMAINING DAYS AT HER OLD HOME

Mrs. Adeline Ingram, Purported to be 110 Years Old, Born in Slavery, Goes to Ashboro, N. C.

HAS BEEN MAKING HOME HERE

Mrs. Adeline Ingram, colored, purported to be 110 years old, a resident of this city for the past fifteen years, has gone to Ashboro, N. C., to spend the remainder of her days with her six children there, the oldest of whom is seventy-nine. Mrs. Ingram was accompanied on the long trip by her daughter, Mrs. Corinna Easley of this city. Mrs. Ingram is also the mother of Mrs. John Ferguson of this city.

She was born in slavery and while the exact record of her birth has never been found, her relatives maintain that she is 110 years old. One son died at the age of eighty-one. She had made her home here for fifteen years and recently expressed a desire to go back to her home in North Carolina and spend her remaining days there. Up until a few years ago Mrs. Ingram was active, but recently has been in ill health.

REVOLT LIKELY IN HUNGARY

Budapest and 25 Other Towns Under State of Siege.

(By United Press.)
Rome, April 23.—A revolution is imminent in Hungary, according to dispatches today. As a result of various disturbances, the information asserted, Budapest and twenty-five other cities and towns have been proclaimed in a state of siege.

SENATOR J. E. WATSON THRILLS LARGE CROWD

Upholds Universal Service Before Great Audience at Armory in Camden, New Jersey

STAND BY ADMINISTRATION

Philadelphia, Pa., April 23.—Senator James E. Watson of Indiana, thrilled a great audience Saturday in the Third Regiment N. G. N. J. Armory, Camden, N. J. Senator Watson spoke in favor of universal military training and service and also told of his belief in the fidelity of the naturalized German-Americans in this country. The war can be won, he said, only through the co-operation of everybody in the country. The United States, he stated, must organize a war machine which will be able to cope successfully with the wonderful army and navy of Germany.

"It behooves all of us to stand by the administration in all of its endeavors," said Senator Watson, "so that when we thrust ourselves into this conflict we will do so with so much power and such courage that victory shall come in the end, either on the field of battle or on the high seas of the world."

TRIAL OF JITNEY DRIVER STARTED

Third of Group of Alleged Bomb Plotters in San Francisco Faced Court Today.

HE DROVE OTHERS TO SCENE

San Francisco, April 23.—Israel Weinberg, of the group of alleged conspirators held responsible for the bomb explosion which killed eleven people in San Francisco's preparedness parade last year, went on trial before Superior Judge Dunne today.

Weinberg a jitney driver, is claimed by the state to have driven Thomas J. Mooney, Warren K. Billings and other conspirators, to the corner of Steuart and Market streets, where the bomb was placed. Warren K. Billings and Thomas J. Mooney have been tried and convicted of murder, Billings being under a life sentence and Mooney sentenced to death.

Weinberg, it appears, will claim he was not on Market street the afternoon of the explosion and had no connection with the plot, whatever.

OLD FLAG RAISED AT SCHOOL

Stars and Stripes Made in 1887 Donated by Mrs. Freeman

A flag raising of more than usual interest was held at Mrs. Charles Freeman's school in Posey township, Fayette county, a few days ago. The flag, twenty feet long, which was raised on a staff sixty feet high in the school yard, was made in 1887 by Mrs. Freeman's mother and was donated to the school. Two hundred patrons and friends of the school participated in the ceremony, and Mr. and Mrs. Berry Osborne of near this city also attended. Patriotic songs were sung. County Superintendent Trusler of the Fayette county schools was present. A pitch-in dinner was served at noon.

AFTER GRIPPE Vinol Restored Mr. Martin's Strength

Wapakoneta, Ohio.—"I am a farmer by occupation, and the gripple left me with a bad cough and in a nervous, weak, run-down condition, and I could not seem to get anything to do me any good until I took Vinol which built me up, and my cough and nervousness are all gone, and I can truly say Vinol is all that is claimed for it."—JAMES MARTIN.

Vinol is a constitutional remedy for all weak, nervous and run-down conditions of men, women and children and for chronic coughs, colds and bronchitis. F. B. Johnson & Co., Druggists, Rushville, also at the leading drug store in all Indiana towns.—(Adv.)

FRESH FISH At Peoples Meat Market.

GAINED TWENTY-FIVE POUNDS IN TWO MONTHS

KNOWING THAT SHE WAS GOING DOWN IN WEIGHT, HEALTH AND ENERGY, THIS LADY FINALLY FOLLOWED THE ADVICE OF FRIENDS AND TOOK PEP-SINCO.

For many years Mrs. G. suffered with indigestion. She could get no help. She doctored and took most every stomach remedy her friends recommended, but got little relief. She lost in weight till she was apparently nothing but skin and bone. What she ate as a rule caused misery and pain. She would bloat and was seldom without headache. Nothing agreed with her. She would get up in the morning with a bad taste—coated tongue and feeling of dizziness. The sight—the odor of savory foods nauseated her. She passed the day in misery and went to bed tired, worn-out and hungry.

This lady read, as you are doing, of Pepsinco. She heard of Pepsinco. Her friends used Pepsinco and were helped, but she thought Pepsinco was like other stomach remedies, helpful in minor cases only.

She was finally prevailed on to get a small package of Pepsinco. The first package did her so much good that she continued their use until, after a few weeks, she could eat with a relish ordinary foods.

In exactly two months she came up to her normal weight. Today she is happy and has every reason to be so. Her main trouble was indigestion, and Pepsinco is the best preparation to be had for indigestion and kindred ailments.

Pepsinco will help you, if you have the least trouble with your food. Sour stomach, sick headache, bloating, nausea, biliousness and heartburn are symptoms that Pepsinco will remedy. Don't doubt another minute, do as this lady did—get a small package and try it today. All druggists have it, or we will send a trial package free of charge if you will send your name to The Neuro Pharmaceutical Company, Wapakoneta, Ohio.

CARTHAGE PAYS TRIBUTE TO THE FLAG SUNDAY

Continued from Page 1.

By angel hands to valor given
The stars have lit the welkin dome
And all thy hues were born in
heaven."

The speaker declared that its birth signifies freedom. He recalled incidents from the time of the landing of the Mayflower on December 22, 1620, including the time when John Paul Jones flew the Stars and Stripes from the Ranger and uttered his memorable words.

The Rev. Mr. Yocum referred to the war of 1812 when England, termed by the speaker as "bully of the sea," ruled with a high hand and was challenged by the young republic. He recalled the siege of Baltimore and the historic battle on Lake Erie.

The Rev. Mr. Yocum said that the historic traditions for which the flag stood were upheld in the civil war, too when slavery had spread its deadly virus until four million people lifted their manacled hands in supplication. The speaker declared that slavery had been defeated in the public arena but still refused to abide thereby.

"Just as our flag stood for liberty in 1776, in 1812 and in 1861, so did the Stars and Stripes stand for liberty in 1898 when Cuba was crushed under the heel of Spain," the minister continued, "The world said America would not fight. The Maine was sunk and then came in rapid succession Santiago, Manila and San Juan."

Coming on down to the present war when the United States has again gone to war for the principles for which she has always stood, the Rev. Mr. Yocum, after declaring he would not deal with the cause of the war, said:

"Our rights have been trampled upon and the time has come when we must protect our liberty. Snuffing humanity cries out in Belgium and in the Balkans. The un-

derlying principle is, can democracy and autoeracy abide in the brotherhood and fraternity of nations?"

The speaker said that Germany now mocks us and says we will not fight, but that we must go in to win. By way of comparison he recalled that the civil war cost only six billion dollars but that congress had already voted seven billion to meet the first expense of the war with Germany.

"Let us at home be faithful just as the boys at the front are loyal," he admonished.

In conclusion, the speaker recalled the experience of Z. T. Sweeney of Columbus, Ind., when he was attached to the American embassy at Constantinople.

"Mr. Sweeney and his family," Mr. Yocum said, "had unthoughtfully gone into a part of a mosque where no Gentile was supposed to be, and entrance to which carried the penalty of death. When they were well within the chamber they heard strange cries and soon Turkish soldiers were bearing down upon them with bayonets drawn. A secretary of the American embassy took in the situation at a glance and rushed to the yacht and returned with an American flag. In the meantime Mr. Sweeney had held the soldiers off. The secretary threw the flag over Mr. Sweeney and the Turks dared not touch him.

"Let it rise until it meets the sun in his coming, let the earliest light of the morning gild it, and the parting day linger on its summit," was the ministers parting tribute to the flag.

MOVIES BY THE TON.

(By United Press.)

Washington, April 23.—More than 200,000 pounds of movie films, worth about \$350,000 have been imported into Argentina in five years, the American consul at Buenos Aires reports. The city has 130 movie houses where Chaplin and Pickford strut and coo.

COLLEGE TEAMS TO DEBATE HERE TONIGHT

1. U. and Earlham College Men to Discuss Merits of Appointment of State Judges

PICTURES TO FOLLOW DEBATE

The debate tonight between the teams of Indiana University and Earlham college is attracting considerable attention because the subject will likely receive attention at the constitutional convention.

The Indiana debaters, Lloyd Shepard and Harris McGuire, will have the affirmative side of the question, "The Appointment of Judges to the State Courts." The Earlham team, composed of John Vesey and Edwin Eley, will take the negative side. The debate will start at eight o'clock.

Following the debate a reel of pictures showing the Yellowstone National park will be exhibited.

TWO ARE ARRAIGNED FOR INTOXICATION

"Mooney" Moster Goes to Jail For 11 Days and Thomas Joyce Pays Dollar and Costs

2 OTHER CASES DISMISSED

"Mooney" Moster and Thomas Joyce were fined one dollar and costs each in police court this morning on charges of public intoxication. Both were arrested Sunday. Joyce paid his fine and Moster went back to jail for eleven days.

The charges against Harry Barrett and Frank Hudson were dismissed this morning for a lack of evidence. Barrett was charged with assault and battery on John Dixon of Jersey City and Hudson was alleged to have permitted a dead horse to remain on his premises longer than 24 hours. There was not sufficient evidence in either case and the charges were dismissed. Both cases were set for trial this morning.

WALTER MAY ASKS DIVORCE

Wife Recently Refused a Decree From Him by Judge Sparks

Walter May filed suit for divorce today from Hazel May, alleging cruel and inhuman treatment. The complaint states they were married March 16, 1912 and separated some time in May, 1916. He alleges that she cursed and abused him and asserts that she was intimate with other men. The plaintiff asks the custody of their two children, claiming she is not a fit person to have their care. Mrs. May was refused a divorce from him recently in the court here.

PATRIOT OFFERS AN APPRECIATION FOR WORK

Continued from Page 1.

fact that it had outgrown its present quarters and desired to enlarge and was willing to move elsewhere. Then we must not forget the many who put their shoulders to the wheel and helped by all means in their power to push the campaign to a successful conclusion. They are too numerous to mention. As stated above the movement has only just started. It is not the intention to rest on oars but to go right ahead, endeavor to locate at least one more substantial concern in Rushville yet this year and at least two every year from this time on. First class small but growing factories can be secured and Rushville people do not realize what resources they have in railroad and shipping facilities and desirable factory sites until they have a live outsider, like Mr. Erling Falk, now one of us, come in and tell us.

PATRIOT.

SPEEDS FOOD PRODUCTION.

Rio De Janeiro, April 23.—To increase its output of cattle and help feed the Allies the Brazilian National Society of Agriculture plants to open a great cattle congress here early next month. American packers have taken an interest in increasing the Brazilian export in this line and will aid in staging the exhibition.

HALF OF TAXES ON DUPLICATES IS PAID

Treasurer Has Only Two Weeks to Collect Sum Equal to Amount Collected Since January

MUST BE RATE OF \$12,000 A DAY

Just one-half of the total taxes to be collected during the spring payment have been paid in and the treasurer's office will have to collect as much in the remaining two weeks as was taken in all together since January 1. Approximately \$150,000 remains to be collected before the final day, which is May 7. Last Saturday was the biggest day of the season thus far, the total amount collected being \$10,500. It has been estimated that an average of \$12,000 a day will have to be collected from now until the close if all of the tax is paid.

The treasurer's office has earnestly requested that the people living in the city not call at the office of Saturday, but leave this day to the country people.

PASSING CIRCUS GROUNDS

The location of the factory of the Modern Appliance Company on lots just west of the L. E. & W. passenger station will mean the passing of Rushville's old circus grounds and other lots will have to be secured for any circus that may come to Rushville in the future. The building of the factory will make the remainder of the circus lots more or less inaccessible, if, indeed, there is any longer room to accommodate a large circus. Moreover, the owners of the grounds say there is no money in renting to a circus anyway.

FOOD GREATEST NEED OF ALLIES

That They Want it More Than Anything Else Is Emphasized by British Commissioners

INITIAL MEETING HELD TODAY

No Immediate Concern About Sending Troops to Europe, it is Officially Stated

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, April 23.—What the allies want from the United States more than anything else is food.

The vital fact was brought out above all others during the initial meeting here today of Arthur J. Balfour and the British commissioners with President Wilson and other American officials.

While the day was apparently given over principally to diplomatic greetings, the various officials plunged at once into considering propositions of shipping munitions and military and naval affairs.

There is no "immediate concern regarding the sending of troops to Europe," it was officially stated.

Balfour conferred with President Wilson. President Cunliffe of the Bank of England, conferred with Secretary of the Treasury McAdoo. Naval experts of both nations met with Secretary Daniels.

Military officials talked with Secretary Baker.

Shipping and trade advisors with their score of experts go down to details immediately with department officials.

"I wish to make it plain," said the commission's spokesman, "that we are not here to tell you what you must do. We have our own idea. But we come equipped with facts, to tell you what mistakes we made and how to avoid them, so you may determine whether you think the price is worth paying to accomplish those things yourself."

In expaining the allies' greatest need was food, the commission's spokesman said:

"At a recent conference of the allied governments it was agreed to pool the food supplies. England is not short of food and probably could get along if she had only herself to consider, but all is not well in France and Italy. Their food shortage is acute and growing more so."

NEW BATTLESHIP LAUNCHED

New Mexico, 32,000 Tons Displacement, Joins Fleet.

New York, April 23.—The giant super-dreadnaught New Mexico, sister ship of the Pennsylvania, will slide down the ways in Brooklyn navy yard today and soon join the war mobilized naval forces of Uncle Sam.

The New Mexico displaces 32,000 tons and will have 12 14 inch guns. The launching ceremonies will be private, attended only by naval officers and officials of the State of New Mexico.

Have You Read the Advertisements Today?

If not you may have overlooked an important opportunity.

Each advertisement in this newspaper is a direct appeal to some one. It means profit to the one who answers as well as to the one who inserts it.

Your opportunity may be in this very issue.

If not today—perhaps tomorrow.

Look and see. If you do not know it already, you will soon find out that the advertisements are very interesting reading apart from their value in other ways.

Last Week Worst Yet For Germans

Summary Reveals They Lost 50 Miles of Territory, 100 Guns and at Least 100,000 Men

20,000 TAKEN PRISONERS

By HENRY E. WOOD
(U. P. Staff Correspondent.)

With the French Armies, April 23.—Germany has gone through the worst week for her in the history of the war. The French army staff permits me to say today that the coming week is likely to unfold more clearly the nature of the Franco-British offensive.

The following results were accomplished last week:

Capture of more than 100 guns from the Germans.

Taking of 20,000 German prisoners.

Occupation of 20 large villages, not including hamlets.

Retaking of 50 miles of French territory.

Losses in killed and wounded and missing for the Germans conservatively estimated at 100,000.

Two great battles were raging today. One is about the road dominating Laon and the other around heights dominating north of Champagne.

FIRES A BULLET INTO HIS BRAIN

Edward Bell, Age 37, Commits Suicide This Morning at His Home in West Tenth Street

LEAVES NO EXPLANATION

Despondency Over Domestic Relations is Believed by Many to Have Been the Cause

Edward Bell, 37 years old, committed suicide this morning at about ten o'clock at his home in West Tenth street, by firing a bullet from a .32 calibre revolver into his brain. He died instantly, his body being found in the dining room by Mrs. Bell, who was attracted by the shot.

Despondency over domestic relations is believed by many to be the cause of the suicide. Mr. Bell left no note and his act was not forecasted in any way. The bullet entered the right temple and penetrated the brain, coming out on the left side of his head. It is said he appeared to be in his usual good spirits this morning. Yesterday he enjoyed an automobile ride. Coroner Green has not completed his investigation, and following the shooting the body was taken to the Wyatt undertaking parlors.

Edward Bell had been employed at the Indianapolis and Cincinnati car barns in this city for many years. He was well and favorably known and his act caused surprise. It is understood that domestic difficulties had been causing him to worry of late. Besides his wife he is survived by one son, Castle Bell.

He is also survived by his parents. Mr. and Mrs. Joseph Bell of Gings and three sisters, Mrs. William McMillin, Mrs. George Austin and Mrs. John Gray, and two brothers, William Bell of near Gings and Lowell Bell of Indianapolis. His relatives were deeply shocked at the tragedy, and for a time his mother was in a serious condition.

The funeral arrangements have not been completed.

Henry G. Hackman has filed suit against Edward Miller to foreclose a mortgage, demanding \$800.

A marriage license was issued this morning to Ernest Bowen of Marion and Charlotte M. Green.

BRITISH RESUME THEIR OFFENSIVE

Beginning of Drive With Forceful Attack Early Today is Hailed as Such by London

BEAT OFF COUNTER ATTACKS

British Forces North of Bagdad Achieve Another Great Victory Over The Turks

(By United Press.)

London, April 23.—On a wide front on the bank of the river Scarbe, Field Marshall Haig early today resumed the British drive with a forceful attack. He reported making satisfactory progress. London hailed his report as indicating a resumption of the British offensive.

French troops fought back violent counter attacks, the Paris war office asserted. Germans attacked Rosebe extremely violently, designed to relieve the pressure on the great offensive to the north, but were beaten back.

British forces north of Bagdad have achieved another victory over the Turks.

Heavy bombardment of German positions along the entire western battle line with consolidation of captured territory marked the military activities of the allies yesterday, preparatory to the renewal of their terrific frontal attacks on the Hindenburg strongholds.

British troops made further progress in the region of Lens, where the fighting continues to go in their favor. Three German counter attacks were repulsed by the British, who captured a large number of prisoners and machine guns.

French infantry has again pushed forward in the region north of Sancy and Jouy on the St. Quentin-Rheims battle front. Farther east there was hand grenade fighting in the sector of Hurtlebise.

The French official statement follows:

"Between the Somme and Oise very active artillery fighting took place during the course of the day south of St. Quentin and North Urvillers. Between Soissons and Rheims the artillery actions were intermittent in various sectors. The enemy violently bombarded Rheims, especially the quarter in which the cathedral is located.

"In Champagne the day was marked by a series of enemy attacks on the heights which we hold in the Massif of Moronvilliers. A violent attack directed against Mont Haut was entirely checked after a spirited engagement. Our machine gun fire and counter attacks inflicted sanguinary losses on the enemy.

"A German battalion, about five o'clock this afternoon northwest of Mont Haut, was caught by our fire and dispersed, leaving dead on the ground. Another attempt against a height farther to the east was likewise repulsed.

"On April 21 three German airplanes were brought down.

"Belgian communication: 'Artillery actions occurred, particularly near Steinsstrate, where there was also lively bomb fighting.

"Eastern theater: East of the Cerna a Bulgarian reconnaissance was repulsed. Artillery activity occurred in the Italian sector at Tsrevena Stena and between the lakes."

Approximately one hundred and fifty Odd Fellows and Rebekahs marched to the Main Street Christian church Sunday morning, and heard a special sermon by the Rev. C. M. Yocum in observance of the ninety-eighth anniversary of the founding of the lodge. The sermon was on the subject, "The Supremacy of Love."

A marriage license was issued Saturday afternoon to Mrs. M. J. M. and Charles M. Green.

CAMPAIGN FOR MEMBERS STARTS

Many Enroll Names as Members of Red Cross When Headquarters are Formally Opened

46 ARE OBTAINED AT MILROY

Will Form an Auxiliary There and Send Work Here—Ten Dollars Made Off Balloon Sale

The campaign to recruit members for the Rushville chapter of the American Red Cross society is going forward rapidly, having been formally opened Saturday afternoon when activity in this direction was started by the sale of balloons on the streets and the visit of a delegation of boosters to Milroy.

Fifty-six members were obtained at Milroy. They will be affiliated with the Rushville chapter, but they will likely form an auxiliary at Milroy and will send their work here.

Ten dollars was realized off the sale of balloons, which were donated by R. H. Jones. A meeting of Red Cross workers was held at the new headquarters in the room back of Pitman and Wilson's drug store when they were opened for the first time Saturday afternoon.

Those who want to become members of the Red Cross are urged to go to headquarters and enroll. The charter members expect to try to reach everybody in Rushville and their work will be made much easier if those who have decided to join go to headquarters and sign their names.

Fifteen members of the Home Economics club, at their meeting Saturday afternoon, agreed to join and said they would form an auxiliary in Noble township, where most of the members live.

A. F. Bentley, field representative in Indiana of the national society, is expected here some time in the near future to see how the work of organizing is progressing.

A chairman, vice-chairman, secretary, assistant secretary and treasurer and executive committee have already been selected, and there remains yet to be named a board of directors and a number of committees, which will be announced within a short time.

When the organization is completed, the work is divided into two departments, a section of military relief and one for civil relief. These departments are subdivided as follows:

Section for Military Relief—Committee on first aid, committee on instruction for women, committee on hospital supplies, committee on supplies for fighting men, committee on warehousing and shipping and other special committees, such as railroad detachments, base hospitals, information bureau, ambulance companies and the like.

Section for Civil Relief—Committee on membership, committee on aid to dependent families of soldiers, committee on town and country nursing and other special committees such as committee on discharged soldiers, on care of refugees, and committees on local disaster and relief.

H. G. L. HITS LOCAL HOTEL

Windsor Announces Change From American to European Plan

Starting tomorrow the Windsor hotel will change from the American plan to the European. The high price of foodstuffs is responsible. The dining room will continue to be operated, but meals will be served a la carte. S. W. Nicholas announced the change today, stating it would be effective in the morning.

Morris Maxey has resumed work at the T. A. C. car barns after an illness of about two weeks.

Patriot Offers An Appreciation

Rushville Man Says John Crowley and Will Dill Deserve Credit For Locating Factory

NOT THE END BY ANY MEANS

To the Editor of the Republican:—

Rushville is to be congratulated on the happy termination of the campaign to secure the location of the factory of the Modern Appliance company of Chicago. The acquisition of this institution, well financed, and with an established and rapidly growing business, is a distinct addition to the industries of Rushville. The successful ending of the task has given heart to the boosters who pushed the project and they feel elated and encouraged to go ahead with renewed confidence and determination to accomplish yet more. Too much credit can not be given to the men who gave their time and money to the work and the thanks of the city are due to John Crowley, originator of the movement, and to Will Dill who co-operated with Mr. Crowley and worked on the plan all the past winter. Mr. Dill also is to be given credit for having discovered the Modern Appliance company and the

COUNTY WORK TO CLOSE WEDNESDAY

E. L. Whitsitt, Purdue Crop Expert, Will Address Closing Meeting at Milroy Tuesday Night

ONE AT RALEIGH TONIGHT

Will Speak to School Children Here Tomorrow to Urge Them to Work in the Home Garden

E. L. Whitsitt, the Purdue crop expert, will leave the city Wednesday, having completed his work in this county. He will address a meeting Tuesday night in Milroy and tomorrow will talk to the school children here, both those of the public schools and Catholic school, on gardening. Another meeting will be held tonight in Raleigh.

Mr. Whitsitt has canvassed the city and finds the gardening proposition well handled. His talk to the school children will be made in an effort to have the children devote their time to taking care of the gardens.

The meeting Tuesday night at Milroy will be another of the township meetings. Most of the townships have held meetings and this one will conclude the program along that line. A number of farmers from Richland and Orange townships will likely attend the Milroy meetings. These two townships have held no meetings and will likely combine with Anderson township.

A. L. Gary and Ernest B. Thomas will also speak at the Milroy meeting. The meeting at Raleigh tonight was arranged at the meeting there last week. Further details of the proposed increase in crops will be made and some definite plans announced concerning the community garden proposed to be put in on the additional ground to be secured for the school there, amounting in all to about four acres.

Mr. Whitsitt addressed the crowd at the Milroy patriotic meeting Saturday afternoon, but failed to reach many of the big farmers, because the audience was composed mostly of women. It is expected that the farmers will turn out in large numbers tomorrow night.

Mrs. John Carpenter fell down stairs at her home here Saturday afternoon and the fragments in her shoulder were removed.

CARTHAGE PAYS TRIBUTE TO FLAG

Crowd of Two Thousand Persons Attend Patriotic Meeting and Hears Addresses Sunday

THE REV. C. M. YOCUM SPEAKS

Veteran of Union and One of Confederate Army Raise Old Glory to Breeze on 60-Foot Staff

The unusual spectacle of the "Blue and the Gray" raising Old Glory to the breeze was afforded a crowd of at least two thousand people at the flag-raising at Carthage Sunday afternoon. The Rev. C. M. Yocum, pastor of the Main Street Christian church, made the principal address and short talks were made by Judge Will M. Sparks and William Walker of Carthage, a veteran of the civil war.

Clad in their uniforms in which they fought in opposing armies but still typifying the solidified nation, the union of the North and South, J. W. Bishop, a veteran of the Union army, and Isham Frye, who fought with the Confederate army, raising the flag on the sixty-foot staff which had been erected in the center of the public square.

Estimates placed on the crowd ranged from fifteen hundred to two thousand people. By actual count there were two hundred and forty-six automobiles. A parade of two hundred school children and the singing of patriotic songs by the audience added much to the program.

The Rev. Mr. Yocum dwelt, in his address, on the fact that the American flag had ever been the standard under which men fought for liberty and justice; that is had ever been the symbol of righteousness. "Men in the aggregate," he said, "demand more than abstract ideas and principles; hence the desire for symbols. Every nation has its flag; every army its banner.

"The Hebrew tribes each had their standards. Ephraim's was a steer; Benjamin's, a wolf. Among the Greeks the Athenians had as a symbol an owl; the Thebians, a sphynx. The standard of Romulus, the founder of Rome, was a bunch of hay, then a human hand and then the eagle, first of wood and then of silver, and under Julius Caesar, a hand of gold. So now England, Germany, France and all nations of the earth have standards."

The Rev. Mr. Yocum recalled that the oldest of all standards in use today is the Stars and Stripes. Old Glory, he said, is older than the Tri-color of France, the British Jack or the flags of Germany.

"You remember the circumstances of its birth," he continued, referring to Old Glory. "When the colonies broke away from England they formed a flag of seven white and seven red stripes with a blue field containing the cross of St. George and St. Andrew conjoined. This was floated first January 1, 1776. The colonies adopted various flags, one a yellow flag with a rattlesnake with seven rattles and containing a motto, 'Don't Trend on Me.' This was a novel standard. On June 14, 1777 the flag of thirteen stripes and thirteen stars was ordered. Betsy Ross of Philadelphia made the first one. Thus came the beautiful Stars and Stripes.

"But what does it mean? When we see a flag we see more than the insignia. We see the principles of the nation itself. When the Stars and Stripes unfold to the breeze they spell liberty, freedom, of consequence, independence of thought, freedom from political oppression. This is true not only in America but everywhere. How could it mean anything else? Its history from beginning to end announces its chief idea. 'The divine right of the liberty of man.'"

ONE ADVANTAGE

In having a painter mix his paints on the premises with "Carter's Pure White Lead" and "Pure Linseed Oil" it is that you are not restricted in the choice of colors to a paint manufacturer's color card or to what a dealer has in stock. You can see just how the color you think you want will look right on your house, and you can have it changed again and again until it exactly suits you.

CONGRESS BEGINS ON CONSCRIPTION BILL

Takes up Consideration of Plan to Raise Army—Disposes of the War Loan

START MOVE TO ACCEPT T. R.

(By United Press.)
Washington, April 23.—After disposing of the \$7,000,000,000 war loan the house and senate shortly afterward today started final consideration of the problem of raising an army of 2,000,000 men. It was the first day of debate in the house and senate.

It is believed both houses will reach a vote by Thursday or Friday. The conscription feature in some form will probably be approved by both houses.

Col. Roosevelt's plan to send a volunteer division to the European war front was taken up in the senate. Republican leaders Harding and Lodge are behind a move to allow Col. Roosevelt to plant the American flag on the European battle line. Senator Harding started the Roosevelt fight by introducing an amendment to the administration army bill authorizing the president to raise a volunteer division of 100,000 men.

500 HAY IN OREGON

Send Ore. April 23.—Eighty dollars a ton for hay, plus the cost of a long haul to his ranch on Meconus river, is the price Dan Heising is paying today to keep his sheep alive. Others in central and eastern Oregon have lost much of their hay because of the hay famine.

SEVEN ROOM HOUSE BURNS

Green's Home in Sexton Destroyed Sunday at Loss of \$1,000.

A seven room frame house in Sexton owned by John Green and occupied by Summie Green, was destroyed by fire Sunday morning between eleven and twelve o'clock. The fire is believed to have started from a defective or overheated flue. Most of the household goods were taken from the house. The village has no fire protection and the efforts of the volunteer firemen were directed toward saving the surrounding property. The loss is estimated at \$1,000 and is partially covered with insurance.

Morris Winship of this city was awarded the contract Saturday to build the Thornburg garage in Central avenue, Connorsville.

Laporte—Nearly 150 school boys of LaPorte have agreed to plant and care for gardens this summer.

Bodily Housekeeping

(BY SAMUEL HAMILTON, M.D.)

The subject of drinking water with meals has been misunderstood.

In recent years investigation by means of X-rays, the observations of scientists, such as Cannon, Grutner, Pavlov, Fowler, Hawk, prove that an abundance of water taken during digestion is necessary in good bodily housekeeping. Drink plenty of water with each meal. Do not drink ice-water at any time.

If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or back of the neck, take Anurie (double strength) before meals. This can be found at any good drug store. Therefore my advice to young or old is, always drink plenty of pure water. And for long life, occasionally take tablets of Anurie three or four times a day.

It is simply wonderful how quickly Anurie acts—much more potent than lithia. You will find it dissolves uric acid as water does sugar.

NEWS OF GOSHEN.

Goshen, Ind.—"Dr. Pierce's Favorite Prescription" has given me such great relief that I am glad to tell of it so that other women who suffer may know what will help them. I was all run-down in health, became very weak and nervous and could not eat nor sleep. Nothing seemed to do me any good until I began taking Dr. Pierce's Favorite Prescription and Golden Medical Discovery. They proved to be just what I needed, as they soon built me up and I could eat and sleep well. And just a few years ago, when I was going through middle age I took the "Favorite Prescription" and it brought me through the critical period in the best of health."—Mrs. CHRISTINA KIRKDOFFER, 219 S. 10th St.

Let our country be our country,
our whole country, and
nothing but our country.
—Daniel Webster.

An Ever New Subject, The Fly.

The fly is perennially new. He comes and goes with the seasons but he is new although he is continually causing the same old trouble. The annual clean-up week is the time to get rid of the rubbish that attracts the fly. The campaign against the fly has been productive of a fly catchism, which one may study with profit.

Where does the fly live? Where there is filth.

Is there anything too filthy for the fly to eat? No.

Does the fly like clean food too? Yes, and it appears to be his delight to wipe his feet on clean food.

Where is his favorite place of feeding? The manure heap and the garbage can.

Where does the fly go after leaving the manure pile and the garbage can? Into the kitchen, dining room and bed room.

Does the fly visit those sick with typhoid fever, consumption, small-pox and cholera infantum? He certainly does and may call on you next.

Is the fly dangerous? Yes; he spreads disease.

How does he spread disease? By carrying infection on his legs and wings and by "fly specks" after he has been feeding on infectious material.

What disease may the fly thus carry? He may convey typhoid fever, tuberculosis, cholera, dysentery and summer complaint.

Did the fly ever kill any one? He killed more American soldiers in the Spanish-American war than the bullets of the Spaniards and was the direct cause of much of the typhoid fever in this country last year.

Where are the greatest number of cases of typhoid fever and summer complaint? Where there are the most flies.

Where are the most flies? Where there is most filth.

Is the presence of flies, therefore, an indication of nearby filth? It is.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This vicious habit may cause lockjaw and women are warned to stop it.
A few drops of a drug called troscin applied directly upon a sore corn gives quick relief and soon the entire corn root and all lifts out without pain. Ask the drug store man for a quarter of an ounce of troscin, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.
This drug is an ether compound and drops in a moment and simply scrapes up the corn without touching the sensitive skin underneath. The second day the

A Few Timely Hints for Home Gardner to Follow
Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.
XXI. Garden Cutworm Remedies

Tomatoes, cabbage, sweet potatoes, lettuce and other truck plants, especially those which are started under glass and transplanted, are subject to serious injury by cutworms. These pests appear, sometimes in great numbers in the spring and early summer, and frequently do severe injury before their ravages are noticed. Their method of attack is to cut off the young plants at about the surface of the ground, and as these caterpillars are of large size and voracious feeders, they are capable of destroying many plants in a single night. Frequently more than they can devour. Every year these insects, working generally throughout the United States, have destroyed hundreds of thousands of dollars worth of crops. By the timely application of remedies, however, as has been demonstrated by entomologists of the U. S. Department of Agriculture, they readily can be controlled, even over considerable areas. The usual method of control is by the use of poisoned baits.

Take a bushel of dry bran, add 1 pound of white arsenic or Paris green, and mix it thoroughly into mash with 8 gallons of water, in which has been stirred half a gallon of sorghum or other cheap molasses. (Arsenic and Paris green are deadly poisons. Handle them with great care.) This amount will be sufficient for the treatment of about 4 or 5 acres of cultivated crops. After the mash has stood for several hours, scatter it, in lumps about the size of a marble, over the fields where the injury is beginning to appear and about the bases of the plants set out. Apply late in the day, so as to place the poison about the plants before night, which is the time when the cutworms are active. Apply a second time, if necessary. Keep children, live stock and chickens away from this bait.

When cutworms occur in unusual abundance, which happens locally, and sometimes generally, they exhaust their food supply and migrate to other fields. This they do literally in armies, assuming what is called the army worm habit. At such times it is necessary to treat them the same as army worms. While the methods which have been advised are valuable in such cases, they may be too slow to destroy all the cutworms, and other methods must be employed. These include trenching, ditching, the plowing of deep furrows in advance of the traveling cutworms to trap them, and the dragging of logs or brush through the furrows. If the trenches can be filled with water, the addition of a small quantity of kerosene, so as to form a thin scum on the surface, will prove fatal to the cutworms. In extreme cases, barriers of fence boards are erected and the tops smeared with tar or other sticky substances to stop the cutworms as they attempt to crawl over.

In extremely severe attacks by cutworms on choice plants there is sometimes no opportunity to prepare the poisoned bait. In such cases an arsenate of lead spray will answer quite as well. In one instance a parsley field was sprayed with 4 pounds of arsenate of lead to 50 gallons of water; this killed all the cutworms, whereas if they had been left alone for a day or two longer the field probably would have been destroyed. The result was a perfect stand—the best ever made by the grower. In this case five applications were necessary.

Clean cultured methods and crop rotation are advisable, as are also fall plowing and disking, to prevent recurrence of cutworm attacks.

Many cutworms can be destroyed where it is possible to overflow the fields, particularly where irrigation is practiced.

most certainly is, and that is disgraceful.

How may we successfully fight the fly? By destroying or removing his breeding place, the manure pile, removing all garbage and making vaults flyproof and by keeping our yard and alley clean, by screening the house and by the use of the wire swatter and sticky fly paper.

The South Comes to Bat.

The south has come to bat with a suggestion for increasing the supply of corn for food purposes. The Interstate Cotton Seed Crushers association suggests the feeding of cotton seed meal as a part of the daily ration for horses and mules and thus save that much corn. The proposition was presented recently when Carl Vrooman, assistant secretary of the United States department of agriculture, made a tour of the south.

Five agricultural experts of the south drew up a statement showing that replacing with cotton seed meal a portion of the corn fed horses and mules, seven cents per day on each head of stock could be saved. It was demonstrated that if the horses and mules of the south alone were fed cotton seed meal for two hundred days, 100,000,000 bushels of corn for human food would be released.

The man who Abe Martin said would not plant any corn this year because it germinates has nothing on the superintendent of the Greensburg high school who spells his name Jerman.

Some wiseacre asks the pithy question, "What is the largest room in the world?" and answers his own question with four words, "The room for improvement."

Customers are much like umbrellas in that somebody always walks away with them if you don't keep your eye on them.

Possessing information is a mighty advantage, but the second best thing

THUMB NAIL SKETCHES OF THE MEN WHO RUN UNITED STATES NAVY

ADMIRAL BENSON.

Washington, April 23.—"What has come to him, he has won by hard work always,"

This is what the Navy Department thinks of Admiral William Shepherd Benson, Chief of Naval Operations, President of the General Board of the Navy, and the one man, above all others, upon whom rests the success or failure of the fleet.

When Congress recently wrote into the law that Admiral Benson's orders "were to be considered as emanating from Secretary of the Navy and have full force and effect as such," it showed what it thought of him.

The Chief of Operations is truly a Southern Gentleman. He was born on a small plantation in the heart of Georgia in 1855, and has carried with him throughout his brilliant career the best traditions of the old South.

Tall, spare, with a most courtly bearing and a full white mustache, much like his predecessor Admiral Dewey, the Admiral presents the most distinguished appearance. His rise has been meteoric during the past few years.

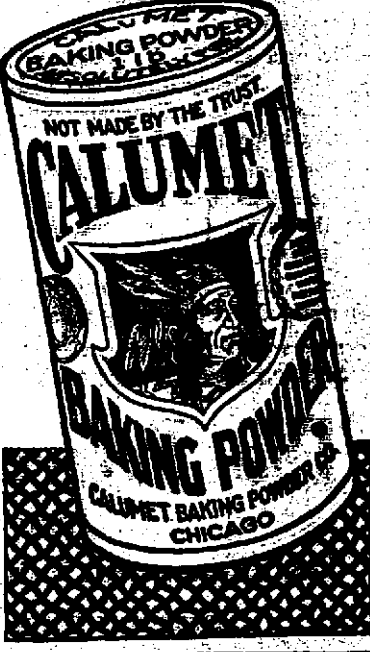

His first cruise as captain of a battleship was in 1913, when he piloted the Utah to the fleet pennant. He then assumed command of the Philadelphia Navy Yard, where he did "his bit" with such "great labor and excellence" as to be called "Washington in 1915, when a man was sought to create and take charge of the new vital office of Naval Operations.

Admiral Benson is not a man from his lips. If he can be induced to admit his services in Washington have met with "fair success," the Admiral will immediately impress it upon you that it is solely owing to "the loyalty and co-operation" of his associates.

This is what his brother officers say of the present ranking officer of the U. S. Navy:

"This is the happy warrior. This is he. Whom every man in arms. Would wish to be."

A feature play in which action centers around the most adorable girl imaginable. A story with a strong moral teaching for the right. A strong comedy vein runs through the piece and breaks the heavier scenes at timely and unexpected points.

COMING — APRIL 30 and MAY 1
"THE GARDEN OF ALLAH"

ALLEGED BANDITS WILL FACE TRIAL

Hatfield Brothers Face Charge of Holding up Polling Place and Stealing Ballots.

THREE OTHERS IMPLICATED

(By United Press.)
Huntington, West Va., April 23.—Bandits armed with revolvers and with faces hidden behind black masks, swept down on the polling place in Rockhouse precinct, Mingo County, shortly before the ballots of the 1914 congressional election were counted, held up the entire election staff at the point of guns stole the entire franchise of the precinct. Poll books, ballot boxes and election paraphernalia were carted away.

Two brothers of a former governor of this state will go to trial tomorrow in federal court here charged with complicity in that raid. They are Greenway and Valentine Hatfield, brothers of former governor H. G. Hatfield. Three others—Noah White, George R. Meynard and Jack Brewster—who experienced a mistrial at the September trial, will face the same charges tomorrow.

One lone Bull Moose ballot, found on a wild hillside, miles from the precinct, is the only one of the 800 ballots ever found.

Howard Sutherland, Republican senator from West Virginia, and C. E. Cooper, Republican, were the successful candidates in the 1914 election. The alleged fraud favored Democrats, it is claimed, but did not materially affect the Republican count.

GERMANY TO LOSE RAILROAD LINES

Italy Planning Destruction of Dependence by Building New Roads to Various Points.

ENGINEERS ARE NOW WORKING

(By United Press.)
Rome, Italy, April 23.—Allied railroad commissions today are preparing to redraw Europe's railroad map. They are already planning the destruction of the allied dependence on the German lines in the "war after the war."

For example, a proposed railroad connects Bordeaux with Odessa, avoiding Middle Europe and passing through Turin and the Italian-to-be Triest. Other lines, perfecting the development of allied territory, are also in prospect.

French and English railroad officials are now in Italy, studying the situation with allied officials. The commissioners are making a careful tour of investigation throughout the allied countries, it is said, and work on the contemplated lines will be rushed to completion, as soon as the war ends.

Amusements

Modest Altschuler, conductor of the famous Russian Symphony orchestra which will be heard in Connersville at The Auditorium on Friday evening, April 27, was born at Mohileff, on the Dniester, in Russia, where his father, the leader of a small orchestra, was also the founder of the first local theatre. As the father and elder brother were both violinists, Modest was ordained to become a "cellist," and he had only passed his eighth birthday when his father began to initiate him into the mysteries of that instrument.

He soon proved himself to be a genius, for at the age of eleven he was accepted as a pupil by Goblet at the Conservatory of Warsaw, and at thirteen made his first appearance as soloist with the Conservatory Orchestra. After his graduation, which was accomplished with honors, the young man went to Moscow, where he won a scholarship at the Imperial Conservatory, which was then under the direction of Safonoff, who later became conductor of the New York Philharmonic orchestra.

Mr. Altschuler's first opportunity to wield a baton occurred in 1890 in his native city, when, although he was barely out of his 'teens,' with the assistance of the local orchestra he gave the first symphony concert ever offered in Mohileff.

He has been the conductor of the Russian Symphony orchestra during the fourteen years that it has been in existence and from a wholly unknown body of players he has raised it to an organization which ranks with the foremost orchestras in the country.

When being interviewed in New York the other day, Mr. Altschuler made some rather pertinent remarks about the subject of conducting.

"There is no artificial code of signals needed between a conductor and his men," he said. "What a leader needs is a clear conception of the composition. A melody runs through every piece, like a road through a country hillside. The art of conducting is to clear the way for this melody—to see that no other instruments interfere with those which are at the moment enunciating the theme. When the violins, for instance, have the tune, I see to it that nobody hurries it or drags or covers it up. To lead a great orchestra is one of the greatest joys in life. A man is privileged then to play, not upon an instrument of brass or wood, but upon human strings. He impresses his players, with what he wants, and they obey his will. He has nothing to do but interpret the works of the greatest souls the world has ever known. When I begin a concert I feel as if I were entering a great church and about to conduct a service. Music is not work, it is religion."

That Mr. Altschuler is entirely unimpaired in his understanding of music is evident from the foregoing.

\$100.00 REWARD.

\$100.00 in gold will be paid to whoever suggests the name that the judges select as the one best suited for our new remedy, the wonder tonic Tablet.

This formula has now been completed. It has been passed upon and pronounced good by prominent authorities. It is the last word in a remedy that builds, rejuvenates, invigorates the pale, the tired, the listless.

It is all ready—but the name.

We want the public to name this new wonder remedy and will give \$100.00 for that name.

Send in your suggestions—as many or as few as you like. The selection will be made by a board of five competent men whose decision shall be final and irrevocable and everyone who submits any suggestions thereby agrees to accept and abide by the decision of the Board of Judges.

Contest is open to all excepting the employees of this Company. There are no conditions, no restrictions nor entrance fee.

Send in your suggestions promptly. Every suggestion will be numbered in the order of its receipt. Contest closes May 1, 1917.

Mail all suggestions to the Board of Judges, Care of The Santanel Remedies Co., Masonic Temple, Cincinnati, Ohio.

Serum Station....

The Swine Breeders Pure Serum Company, of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly throat-bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

Winship and Denning

When you buy an Eveready Storage Battery a written guarantee goes with it.

Because EVEREADY is the one storage battery entirely free from ruinous sulphation—the destructive chemical action responsible for nearly all automobile storage battery troubles.

The battery is the HEART of the starting system. When excess sulphation accumulates in the plates, the generator's charging action is retarded, reducing the battery capacity and its ability to supply the needed power to "turn over" the engine.

Continued operation in a partially discharged condition, or complete idleness for even a few weeks, usually means that the battery must be removed from the car for "reforming" or special charging, to reduce the accumulation of injurious sulphate. Buy an EVEREADY—and avoid all this expense and inconvenience.

ANNUAL MEETING

The annual meeting of the Stockholders of the Rushville Natural Gas Company will be held in their office in Rushville, Ind., in Tuesday, April 24th 1917 at 2 o'clock p. m., for the election of Six (6) Directors to serve for one year from that date, and for such other business as may properly come before them at that time.

THOS. H. REED, Secy.

Society

Chief interest at the Home Economics club meeting in the court house assembly room Saturday afternoon centered in the address on home nursing by Miss Anne Straight, Rushville's visiting nurse, as the subject is timely since a Red Cross chapter is being organized here. Miss Straight emphasized some more important points which should always be remembered in home nursing, as follows:

- The head should be saturated with alcohol if the hair is tangled.
- The nurse must be firm and not allow the patient to manage.
- A hot water bottle of either rubber or glass, not too heavy, should be used.
- Always cover bottles; in hospitals it is an unpardonable sin to leave them uncovered.
- Use half a barrel stave for cover support.
- Use a blanket to give the patient a bath and always use two towels.
- Set the alcohol bottle in a pan of hot water and be sure to remove the cork or an explosion will follow.
- In filling hot water bottle or ice mash be sure to remove the air because they will be more effective.
- Be careful about stale flowers in the sick room.
- Olive oil should be used for the bowels.
- Voices should always be modulated in the sick room.
- Don't rock chairs, bang furniture or face the patient towards the light.
- Serve hot things hot and cold things cold.
- Use whiskey in case of accidents.

In honor of her week-end guests, the Misses Jessie Marie Mauzy and Alice Philips of Indianapolis, Miss Harriet Smith entertained with a slumber party, Saturday evening and a breakfast, Sunday morning, at her home in West Third street. The table was charmingly decorated with pots of pansies and a splendid three course breakfast was served. Aside from the guests of honor, the Misses Ingeborg Johnson, Lucile Abel, Marian Tittsworth, Philis Dean of Oxford and the Misses Elsie Frazer, Charlotte Norris and Gladys Tittsworth were entertained.

Honoring the birthday of Mrs. Ralph Pearsey, a number of her friends brought their dinners to her home in North Sexton street, yesterday, and enjoyed a pleasant pitch-in dinner and a social afternoon. Spring flowers were used in profusion throughout the rooms. The guests included Mrs. Noah Downey and family, Mr. and Mrs. Chase Levy, Marshall and Max Pearsey, Mrs. Fanny Ridenbough, Mr. and Mrs. Charles Pearsey, of Muncie, and Mr. and Mrs. Watt Siders of Dunreith.

In honor of Thomas Saunders, who is leaving for Louisville, Ky., today a number of his boy friends gave a dinner party for him Saturday evening at the Windsor Hotel. The guests included Norman Reed, Dwight VanOsdel, Alfred Norris, Harold Wolcott, Paul Parrish, Clifford Mauzy, Hubert Alexander, Harry Schmalzel, Ralph Martin and William Kelso.

Miss Lavanche Innis and Ira McNamara were quietly married at the home of the bride in North Morgan street, Saturday evening at eight o'clock, by the Rev. C. M. Yocum. After a week's visit with relatives, they will be at home at 332 North Morgan street. The out-of-town guests were Mrs. James Harmon of Avon, Ind., and Mrs. Hubert Innis, of Springfield, Mo.

Mr. and Mrs. C. C. Carson of Indianapolis, Mr. and Mrs. L. G. Hall and son Meredith of Raleigh, and Mrs. Gilbert Meredith of Miami, Fla., were the out-of-town guests at a family dinner, yesterday, given by the Misses Meredith, at their home in North Morgan street.

In honor of Mrs. Demarehus Brown of Indianapolis, Mrs. Roy Waggoner gave a well appointed luncheon, this afternoon at her home in North Morgan street. Spring

Social Calendar

Tuesday

Methodist Aid Society with Mrs. Allie Cox, 1018 North Morgan street at 2:30.

Dance at Modern Woodman hall.

U. P. Aid society with Mrs. A. C. Brown, 324 North Morgan street.

Christian Aid society at 2:30, in the parlors of the church.

Various kinds of spring flowers added to the beauty of the home of Mr. and Mrs. R. L. Tompkins, yesterday, when they entertained with a well appointed high noon dinner, at their home in East Seventh street, Mr. and Mrs. Dynes and daughter, Lillian, of Indianapolis, and Mrs. Jack Brantley and son, Jack Jr., of Chicago.

In honor of Mr. and Mrs. T. M. Greenlee of Asheville, N. C., Mr. and Mrs. Frank Mock and Miss Elizabeth Hackleman entertained with a family dinner yesterday, at the home of Miss Hackleman in North Harrison street. The guests included the guests of honor and Mr. and Mrs. Oliver Mock and son, Oliver, and Dr. and Mrs. F. G. Hackleman.

In honor of their house guest, Mrs. William Billings of Oxford, Ohio, Mr. and Mrs. Roy Magill, entertained with a delightful course dinner, yesterday at their home in North Main street. A large bowl of violets centered the table. The guests included Mrs. Francis Moore, the Misses Norma Smith and Fanny Stiers and Mrs. Billings.

Miss Lydia Wolter, daughter of Mrs. Ed Wolter, and George Urbach, son of Mr. and Mrs. Adam Urbach, were married, Saturday evening at 5:20 o'clock at the Christian church parsonage, by the Rev. C. M. Yocum. After a wedding trip to Cincinnati, they will make their home in this city.

Hyacinths and tulips formed an appropriate table decoration, when the Misses Anna and Alice Gore entertained Mrs. Will Witte of Lawrenceburg, and Miss Gladys Fee and John Brown of Indianapolis, yesterday at an elegant three course dinner.

The Royal Neighbor's fifth annual dance to be given in the Modern Woodman tomorrow night, is expected to exceed all previous affairs given by the ladies. Many out-of-town guests are expected to attend.

Miss Charlotte Green of Milroy and Ernest Bower of Marion, Ind., were married at the U. P. church parsonage this morning at 10 o'clock by the Rev. J. T. Aiken. Mr. and Mrs. Bower will make their home in Marion.

Mrs. Allie Cox, assisted by Mrs. Jesse Poe and Mrs. William Kirk, will entertain the members of the Ladies Aid society of the Methodist church, tomorrow afternoon, at her home in North Morgan street.

The alumni of the Arlington high school entertained the members of the senior class with a banquet at the high school building Saturday night. There were about sixty-five present.

Mrs. Oliver O'Brien entertained Mrs. Jacob Meyer and Mrs. Jacob Roth of Connersville at supper last evening at her home in North Jackson street.

Several neighbors and friends of Mr. and Mrs. Frank Melwaine held a pitch-in dinner at their home in North Willow street Sunday and a very enjoyable day was spent.

Mr. and Mrs. A. L. Gary had as

You will be pleased with our assortment of

LET US SHOW YOU THIS EXCELLENT LINE

THE MAUZY CO.

Mr. and Mrs. Thomas Carroll and family had as dinner guests yesterday Miss Delsie and James O'Hara, Miss Helen Carroll and Bea Cannon of Indianapolis and Mr. and Mrs. Ed Gantner and family.

Mr. and Mrs. Dora Hilligoss, Mr. and Mrs. Bert Osborne and son, John Robert, and Mr. and Mrs. O. P. Wamsley motored to Shelbyville yesterday and were the guests of Mr. and Mrs. Herschel Conner.

TO ATTEND MAYORS MEETING

C. L. Bebout Receives Invitation to Session in Indianapolis

Mayor C. L. Bebout has received an invitation to attend the meeting of the Mayor's association in Indianapolis April 26 and 27, and will likely attend one day. Reports of the different mayors will be given regarding the cultivation of lots. Addresses will be given by Governor Goodrich, William Lowe Bryan, president of Indiana University and William L. Taylor, former attorney general. On the last day Mayor Bell will entertain the visitors at a luncheon following an automobile ride about the city of Indianapolis.

—Miss Anna Weidman of Connersville visited friends in this city yesterday.

—William Robb of Greenfield spent the day in this city on business.

—Mr. and Mrs. Leon Maxey of Indianapolis spent Sunday here with his parents, Mr. and Mrs. Morris Maxey.

FINE FOR RHEUMATISM!
Musterole Loosens Up Those Stiff
Joints—Drives Out Pain
You'll know why thousands use Musterole once you experience the glad relief it gives.
Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!
Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

MUSTEROLE

STOMACH UPSET?
Get at the Real Cause—Take Dr. Edwards' Olive Tablets
That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.
Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.
If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.
Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

MOTHER OF CHARLES LAMBERTSON IS DEAD
Mrs. Lois Lambertson, Age 79,
Born and Reared Near Bentonville, Expires
FUNERAL TUESDAY, 2:30 P. M.

Mrs. Lois Lambertson, age seventy-nine, mother of Charles Lambertson of this city, died at her home in Ritter Avenue, Indianapolis, Saturday night of heart trouble after an illness of two weeks. She was born and reared near Bentonville, Fayette county and was well known all over northern Rush county.
Mrs. Lambertson was the widow of William T. Lambertson, who died two years ago, and was the mother of ten children, all of whom survive her except one daughter, Mrs. Chester Pierson, who died about fifteen years ago. Mrs. Lambertson was a member of the Christian church. The children surviving are:
Mrs. Alfred Weaver of Mullberry, Ind.; Mrs. B. F. Theibault of Connorsville, Miss Ella Lambert of Indianapolis who lived with her mother, Mrs. George Russell and Mrs. Charles Hackleman of Indianapolis, Dr. H. M. Lambertson of Colorado Springs, Colo., Frank O. Lambertson of Los Angeles, Cal., William Lambertson of Bentonville, and Charles Lambertson of this city. The funeral will be held at Bentonville Tuesday afternoon at two-thirty o'clock.

TO SPEND REMAINING DAYS AT HER OLD HOME
Mrs. Adeline Ingram, Purported to be 110 Years Old, Born in Slavery, Goes to Ashboro, N. C.
HAS BEEN MAKING HOME HERE
Mrs. Adeline Ingram, colored, purported to be 110 years old, a resident of this city for the past fifteen years, has gone to Ashboro, N. C., to spend the remainder of her days with her six children there, the oldest of whom is seventy-nine. Mrs. Ingram was accompanied on the long trip by her daughter, Mrs. Corinna Easley of this city. Mrs. Ingram is also the mother of Mrs. John Ferguson of this city.
She was born in slavery and while the exact record of her birth has never been found, her relatives maintain that she is 110 years old. One son died at the age of eighty-one. She had made her home here for fifteen years and recently expressed a desire to go back to her home in North Carolina and spend her remaining days there. Up until a few years ago Mrs. Ingram was active, but recently has been in ill health.

REVOLT LIKELY IN HUNGARY
Budapest and 25 Other Towns Under State of Siege
[By United Press]
Rome, April 23.—A revolution is imminent in Hungary, according to dispatches today. As a result of various disturbances, the information asserted, Budapest and twenty-five other cities and towns have been proclaimed in a state of siege.

AFTER GRIPPE
Vinol Restored Mr. Martin's Strength
Wapakoneta, Ohio.—"I am a farmer by occupation, and the gripple left me with a bad cough and in a nervous, weak, run-down condition, and I could not seem to get anything to do me any good until I took Vinol which built me up, and my cough and nervousness are all gone, and I can truly say Vinol is all that is claimed for it!"—JAMES MARTIN
Vinol is a constitutional remedy for all weak, nervous and run-down conditions of men, women and children, and for chronic coughs, colds and bronchitis. F. B. Johnson & Co., Druggists, Rushville, also at the leading drug store in all Indiana towns.—(Adv.)

SENATOR L. E. WATSON
THRILLS LARGE CROWD
Upholds Universal Service Before Great Audience at Armory in Camden, New Jersey

STAND BY ADMINISTRATION
Philadelphia, Pa., April 23.—Senator James E. Watson of Indiana, thrilled a great audience Saturday in the Third Regiment N. G. N. J. Armory, Camden, N. J. Senator Watson spoke in favor of universal military training and service and also told of his belief in the fidelity of the naturalized German-Americans in this country. The war can be won, he said, only through the co-operation of everybody in the country. The United States, he stated, must organize a war machine which will be able to cope successfully with the wonderful army and navy of Germany.
"It behooves all of us to stand by the administration in all of its endeavors," said Senator Watson, "so that when we thrust ourselves into this conflict we will do so with so much power and such courage that victory shall come in the end, either on the field of battle or on the high seas of the world."

TRIAL OF JITNEY DRIVER STARTED
Third of Group of Alleged Bomb Plotters in San Francisco Faced Court Today.
HE DROVE OTHERS TO SCENE
San Francisco, April 23.—Israel Weinberg, of the group of alleged conspirators held responsible for spirators held responsible for the bomb explosion which killed eleven people in San Francisco's preparedness parade last year, went on trial before Superior Judge Dunne today.
Weinberg a jitney driver, is claimed by the state to have driven Thomas J. Mooney, Warren K. Billings and other conspirators, to the corner of Steuart and Market streets, where the bomb was placed. Warren K. Billings and Thomas J. Mooney have been tried and convicted of murder, Billings being under a life sentence and Mooney sentenced to death.
Weinberg, it appears, will claim he was not on Market street the afternoon of the explosion and had no connection with the plot, whatever.

OLD FLAG RAISED AT SCHOOL
Stars and Stripes Made in 1887 Donated by Mrs. Freeman
A flag raising of more than usual interest was held at Mrs. Charles Freeman's school in Posey township, Fayette county, a few days ago. The flag, twenty feet long, which was raised on a staff sixty feet high in the school yard, was made in 1887 by Mrs. Freeman's mother and was donated to the school. Two hundred patrons and friends of the school participated in the ceremony, and Mr. and Mrs. Berry Osborne of near this city also attended. Patriotic songs were sung. County Superintendent Trueller of the Fayette county schools was present. A pitch-in dinner was served at noon.

GAINED TWENTY-FIVE POUNDS IN TWO MONTHS

KNOWING THAT SHE WAS GOING DOWN IN WEIGHT, HEALTH AND ENERGY, THIS LADY FINALLY FOLLOWED THE ADVICE OF FRIENDS AND TOOK PEP-SINCO.
For many years Mrs. G. suffered with indigestion. She could get no help. She doctored and took most every stomach remedy her friends recommended, but got little relief. She lost in weight till she was apparently nothing but skin and bone. What she ate as a rule caused misery and pain. She would bloat and was seldom without headache. Nothing agreed with her. She would get up in the morning with a bad taste-coated tongue and feeling of dizziness. The sight-the odor of savory foods nauseated her. She passed the day in misery and went to bed tired, worn-out and hungry.
This lady read, as you are doing, of Pep-sinco. She heard of Pep-sinco. Her friends used Pep-sinco and were helped, but she thought Pep-sinco was like other stomach remedies, helpful in minor cases only.
She was finally prevailed on to get a small package of Pep-sinco. The first package did her so much good that she continued their use until, after a few weeks, she could eat with a relish ordinary foods.
In exactly two months she came up to her normal weight. Today she is happy and has every reason to be so. Her main trouble was indigestion, and Pep-sinco is the best preparation to be had for indigestion and kindred ailments.
Pep-sinco will help you, if you have the least trouble with your food. Sour stomach, sick headache, bloating, nausea, biliousness and heartburn are symptoms that Pep-sinco will remedy. Don't doubt another minute, do as this lady did—get a small package and try it today. All druggists have it, or we will send a trial package free of charge if you will send your name to The Neuro-Pharmaceutical Company, Wapakoneta, Ohio.

COLLEGE TEAMS TO DEBATE HERE TONIGHT

1. U. and Earlham College Men to Discuss Merits of Appointment of State Judges

PICTURES TO FOLLOW DEBATE

The debate tonight between the teams of Indiana University and Earlham college is attracting considerable attention because the subject will likely receive attention at the constitutional convention.

The Indiana debaters, Lloyd Shepard and Harris McGuire, will have the affirmative side of the question, "The Appointment of Judges to the State Courts." The Earlham team, composed of John Vesey and Edwin Eley, will take the negative side. The debate will start at eight o'clock.

Following the debate a reel of pictures showing the Yellowstone National park will be exhibited.

TWO ARE ARRAIGNED FOR INTOXICATION

"Mooney" Moster Goes to Jail For 11 Days and Thomas Joyce Pays Dollar and Costs

2 OTHER CASES DISMISSED

"Mooney" Moster and Thomas Joyce were fined one dollar and costs each in police court this morning on charges of public intoxication. Both were arrested Sunday.

Joyce paid his fine and Moster went back to jail for eleven days. The charges against Harry Barrett and Frank Hudson were dismissed this morning for a lack of evidence. Barrett was charged with assault and battery on John Dixon of Jersey City and Hudson was alleged to have permitted a dead horse to remain on his premises longer than 24 hours. There was not sufficient evidence in either case and the charges were dismissed. Both cases were set for trial this morning.

WALTER MAY ASKS DIVORCE

Wife Recently Refused a Decree From Him by Judge Sparks

Walter May filed suit for divorce today from Hazel May, alleging cruel and inhuman treatment. The complaint states they were married March 16, 1912 and separated some time in May, 1916. He alleges that she cursed and abused him and asserts that she was intimate with other men. The plaintiff asks the custody of their two children, claiming she is not a fit person to have their care. Mrs. May was refused a divorce from him recently in the court here.

PATRIOT OFFERS AN APPRECIATION FOR WORK

Continued from Page 1.

fact that it had outgrown its present quarters and desired to enlarge and was willing to move elsewhere. Then we must not forget the many who put their shoulders to the wheel and helped by all means in their power to push the campaign to a successful conclusion. They are too numerous to mention. As stated above the movement has only just started. It is not the intention to rest on oars but to go right ahead, endeavor to locate at least one more substantial concern in Rushville yet this year and at least two every year from this time on. First class small but growing factories can be secured and Rushville people do not realize what resources they have in railroad and shipping facilities and desirable factory sites until they have a live outsider, like Mr. Erling Falk, now one of us, come in and tell us.

PATRIOT.

SPEEDS FOOD PRODUCTION.

Rio De Janeiro, April 23.—To increase its output of cattle and help feed the Allies the Brazilian National Society of Agriculture plans to open a great cattle congress here early next month. American packers have taken an interest in increasing the Brazilian export in this line and will aid in starting the export.

HALF OF TAXES ON DUPLICATES IS PAID

Treasurer Has Only Two Weeks to Collect Sum Equal to Amount Collected Since January

MUST BE RATE OF \$12,000 A DAY

Just one-half of the total taxes to be collected during the spring payment have been paid in and the treasurer's office will have to collect as much in the remaining two weeks as was taken in all together since January 1. Approximately \$150,000 remains to be collected before the final day, which is May 7. Last Saturday was the biggest day of the season thus far, the total amount collected being \$10,500. It has been estimated that an average of \$12,000 a day will have to be collected from now until the close if all of the tax is paid.

The treasurer's office has earnestly requested that the people living in the city not call at the office of Saturday, but leave this day to the country people.

PASSING CIRCUS GROUNDS

The location of the factory of the Modern Appliance Company on lots just west of the L. E. & W. passenger station will mean the passing of Rushville's old circus grounds and other lots will have to be secured for any circus that may come to Rushville in the future. The building of the factory will make the remainder of the circus lots more or less inaccessible, if, indeed, there is any longer room to accommodate a large circus. Moreover, the owners of the grounds say there is no money in renting to a circus anyway.

CORNER FIRST AND MAIN

The New "Light Six" Oldsmobile

UNRESERVEDLY, and without hesitation, we pronounce this one of the finest light cars we have known in our experience. In point of motor, chassis, and body design, it is representative of the latest developments of the engineering art. And in refinement of finish, and perfection of detail, it is the peer of the world's most luxurious light cars.

C. H. (Nick) Tompkins

Experience

Is that thing which makes men deft of hand, skilled in methods and sure in judgment. Experience plays an important part in the dry cleaning and pressing business. Without it there can be no hope of attaining the highest results possible. Our methods of dry cleaning rugs and carpets is the result of years of experience.

Don't you think it a better plan to have your rugs and carpets dry cleaned, dusted, scoured or vacuum cleaned, than to have them beaten and perhaps torn to threads. We return them without removing the sizing.

TRY US AND BE CONVINCED. WE CALL FOR AND DELIVER.

IS YOUR MONEY SUPPORTING THE GOVERNMENT?

At this critical period in our history our manufacturers are offering their mills, and our young men are offering their services to the United States Government.

Would you like to do your share and help by putting your money where it will support the new Federal Banking System, which the Government has established to stand back of our commerce, industry and agriculture?

Member
FEDERAL
RESERVE
SYSTEM

You can do this by opening an account with us, as part of every dollar so deposited goes directly into the new system, where it will always be ready for you when wanted.
